

**MEETING OF THE BUSINESS AFFAIRS COMMITTEE
OF THE BOARD OF TRUSTEES
Community College of Philadelphia
Wednesday, October 21, 2015 – 9:00 A.M.**

Present: Mr. Matthew Bergheiser, presiding; Ms. Suzanne Biemiller (*via* teleconference); Mr. Steve Herzog, Stella Tsai, Esq. (*via* teleconference), Mr. Jeremiah J. White, Jr. (*via* teleconference), Dr. Donald Generals, Mr. Jacob Eapen, Mr. Todd Murphy, Mr. James P. Spiewak, and Victoria Zellers, Esq.

AGENDA – PUBLIC SESSION

(1) 2015-16 Budget Update (Information Item):

Staff provided an overview of the College's budget status for fiscal year 2015-16. (Please refer to Attachment A.) Staff noted that enrollments for the late summer and the fall semesters were slightly higher than budgeted; and that Philadelphia was one of only two Pennsylvania community colleges to have an increase in enrollments. Mr. Eapen reminded the Committee that, although total revenues were on target with the budget, the revenue budget includes an increase in state appropriations of \$1.98 million which is not certain. Staff stated that projected expenses are approximately \$1.5 million less than the original budget. This reduction is primarily related to a higher projected lapsed salary projection due to a higher level of unfilled positions than anticipated, and the fact that at the end of fiscal year 2014-15, three longer-term leases were brought out which eliminated the budgeted expense from fiscal year 2015-16. The College is spending slightly more in advertising and consulting than originally budgeted due to costs associated with 50th Anniversary events and a number of new initiatives related to the facility master plan, economic impact study and private-public partnerships. Mr. Eapen stated that the College will again look to buy-out long term leases at year-end if revenues exceed expenses in order to provide more budgetary flexibility in subsequent years.

Mr. White asked whether the College will be increasing tuition rates for the next fiscal year. Mr. Eapen responded that staff will make every effort to not have to raise tuition if funding from the City and State is stable and that the staff would prefer to have gradual rate increases if required and avoid a large spike in any given year. It was also noted that the current collective bargaining agreement ends August 31, 2016 and results of negotiations will have an impact on budgets. Mr. Bergheiser noted that the Board has a balancing act to play; possibly adding initiatives (and expenses) to promote student success while maintaining low tuition rates.

(2) 2015 Financial Performance Indicators (Information Item):

The annual financial performance indicators were developed in collaboration with the Board to provide a snapshot of the College's current financial operating characteristics. These indicators incorporate the financial results for the 2014-15 fiscal year and include preliminary

projections for the current year. Mr. Eapen discussed the financial strengths of the College and pointed out some of the current financial challenges the College is facing. He provided an update on discussions staff have had with Moody's concerning bond ratings of Pennsylvania Colleges and other non-profit entities in light of the budget concerns for the State. Staff presented the 2015 Financial Performance Indicators which are shown in Attachment B.

(3) Next Meeting Date:

The next regularly scheduled meeting of the Committee is scheduled for Wednesday, November 18, 2015 at 9:00 A.M. in the Isadore A. Shrager Boardroom, M2-1.

AGENDA – EXECUTIVE SESSION

(1) Confidential Personnel Issue (Information Item):

Staff reviewed a confidential personnel issue. A handout was distributed at the meeting.

Excess Revenues (Expenses)	(\$0)	\$1,595,493	

* Prior to impact of GASB 45 and 68 accruals

Staff will employ strategy of paying off longer term leases if there are excess revenues in order to have additional flexibility in subsequent budget years. Value of potential lease to be paid off at year end is approximately \$2.2 million.

ATTACHMENT B

2015 FINANCIAL PERFORMANCE INDICATORS

**2015 FINANCIAL PERFORMANCE REPORT
OCTOBER 21, 2015**

Current Evidence of Financial Viability

- Through successful operational efficiencies and cost containment strategies, the College has finished the fiscal year with slight operating budget surpluses in each of the last twelve fiscal years. Initially budgeted deficits in 2011, 2012, 2013, 2014 and 2015 were eliminated and small surpluses achieved.
- Strong liquidity. Average daily cash and investment balances in excess of \$42.7 million.
- Moody's bond rating (A1) was reassessed and reaffirmed on April 7, 2015.
- Audits are consistently unqualified with no control weakness findings.
- Facility expansions and renewals are creating important enrollment growth opportunities.

Current Financial Challenges

- Levels of financial support from City and State.
- Large dependence on student tuition and fee revenues and associated federal aid to sustain College budgets.
- Growing vulnerability to shifts in Federal Financial Aid (Pell) policies.
- GASB 45 and GASB 68 impact on net assets.

CCP FINANCIAL PERFORMANCE MEASURES

OCTOBER 2015

FIGURE I

Average Monthly Operating Fund Cash and Investment Assets as a Percentage of Final Operating Budget Expense

	Average Monthly Amount of Operating Cash and Liquid Investments	% of Annual Expense
2005-06	\$28,909,469	30.4%
2006-07	\$33,923,655	34.6%
2007-08	\$40,065,045	39.1%
2008-09	\$42,902,426	40.1%
2009-10	\$45,390,373	40.4%
2010-11	\$48,696,232	40.6%
2011-12	\$42,258,724	35.3%
2012-13	\$43,316,313	36.1%
2013-14	\$40,687,625	33.1%
2014-15	\$42,761,978	33.4%

Comment: An upward trend is indicative of improved liquidity and the ability to withstand short-term fluctuations in revenue receipts.

Target: 25% (coverage for 3 months of operations) or higher.

Current
Status:

The purchase of the 15th and Hamilton Street property in the amount of \$5.8 million using College cash resources in the second half of the 2010-11 fiscal year reduced the College's liquidity. Recent tightening of federal cash-draw-down procedures for federal student financial aid dollars has delayed College access to these funds and also reduced average monthly liquidity. The College's liquidity position for 2015-16 is being affected by a delay in receiving State appropriations due to the State budget impasse.

FIGURE II-A

**Unrestricted (Carry-Over) Fund Balances Including Quasi Endowment Funds
as Percent of Operating Budget Excluding the
Impact of the Post-Employment Health Benefit (GASB 45 and GASB 68) Accrual**

Fiscal Year	Unrestricted (Carry-Over) Funds Prior to Recording Post-Employment Benefit Accrual	Operating Budget	Unrestricted Carry-Over Funds as a Percent of Budget
2004-05	\$9,692,958	\$94,728,456	10.23%
2005-06	\$11,682,218	\$95,054,502	12.29%
2006-07	\$17,051,787	\$98,088,111	17.38%
2007-08	\$22,349,410*	\$102,513,725	21.80%*
2008-09	\$24,578,300*	\$106,942,052	22.99%*
2009-10	\$31,164,140*	\$112,444,701	27.72%*
2010-11	\$31,967,219*	\$120,084,822	26.62%*
2011-12	\$32,240,063*	\$119,272,435	27.03%*
2012-13	\$32,317,599*	\$119,945,027	26.94%*
2013-14	\$32,490,145*	\$122,839,164	26.45%*
2014-15	\$32,907,380*	\$127,867,268	25.74%*

*Prior to recording GASB 45 and GASB 68 accrual.

Comment: In fiscal 2008, the College was required to implement a new accounting reporting standard (GASB 45) which results in the College recording the estimated value of post-employment benefits for current and retired staff. This accrual for future expenses is being phased in over 30 years. In fiscal 2015, the College was required as a cost sharing pension employer, to record any additional liability for its proportionate share of the net pension liability of PSERS and SERS. The above chart shows the value of the College's unrestricted carry-over funds without the impact of reporting the GASB 45 and GASB 68 (post-employment health benefit accrual. Growth of unrestricted (carry-over) funds provides a resource to ensure stability in College operations in years of underfunding, as well as provides potential resources for one-time needs not fundable out of current-year budget resources. The GASB 45 and GASB 68 post-employment health benefit accrual reduces the amount reported for unrestricted funds but has no impact on the College's cash position. [See Figure II-B]

Target: At the end of fiscal 2006, the Board set a target to maintain unrestricted funds at a level equal to 15% of the operating budget (prior to the impact of GASB 45 and GASB 68).

Current Status: The 2015-16 fiscal year is currently projected to end with a small surplus. The ratio will remain essentially stable.

FIGURE II-B
Reported Value of Unrestricted (Carry-Over) Fund Balances
Including Quasi Endowment Funds
with the Impact of the Post-Employment Health Benefit (GASB 45 and GASB 68) Accrual

Fiscal Year	Cumulative Value of GASB 45 and GASB 68 Annual Accrual	Reported Value of Unrestricted Carry-Over Funds Including Quasi- Endowment Funds with GASB 45 and GASB 68 Accrual
2004-05	0	\$9,692,958
2005-06	0	\$11,682,218
2006-07	0	\$17,051,787
2007-08	\$5,194,673	\$17,154,757
2008-09	\$10,367,219	\$14,553,315
2009-10	\$16,575,690	\$14,588,450
2010-11	\$22,614,325	\$9,352,894
2011-12	\$30,225,327	\$2,014,736
2012-13	\$38,755,360	(\$6,437,761)
2013-14	\$47,396,561	(\$14,906,416)
2014-15	\$58,227,563	(\$25,320,183)

Comment: In fiscal 2008, the College was required to implement a new accounting reporting standard (GASB 45) which requires the College to record the estimated value of post-employment health benefits for current and retired staff. This accrual for future expenses is being phased in over 30 years. In fiscal 2015, the College was required as a cost sharing pension employer, to record any additional liability for its proportionate share of the net pension liability of PSERS and SERS. The GASB 45 and GASB 68 post-employment health benefit accrual reduces the amount reported for unrestricted funds but has no impact on the College's cash position. The above data shows the cumulative value of the accrual which reduces both the value reported for unrestricted net assets and the College's reported net position.

Current
Status

An additional accrual for the post-employment healthcare benefit will occur in 2015-16.

FIGURE III

Fiscal Year End Current Asset to Current Liability Ratio

	As Reported in Financial Statements	Including the Value of Liquid Long-Term Investments
2004-05	1.22	1.22
2005-06	1.29	1.29
2006-07	1.57	1.57
2007-08	1.47	1.65
2008-09	1.54	1.70
2009-10	1.50	1.65
2010-11	1.11*	1.66
2011-12	1.08*	1.61
2012-13	1.02*	1.52
2013-14	1.10*	1.65
2014-15	1.16*	1.61

* Current assets reduced by movement of some operating cash to long-term investments.

Comment: A positive trend in this ratio is indicative of a growing capacity to handle current debt obligations. Beginning in 2011, the nominal value for the current ratios was reduced by the movement of some core cash into liquid long-term investments. Long-term liquid investments in 2015 totaled \$16.2 million. Including these funds, the College's current ratio is 1.61. Because the longer-term fixed-income investments can be liquidated without penalty, the longer-term investment strategy did not create any significant operational risk for the College. The above chart shows the current ratio without and with the inclusion of liquid long-term investments.

Target: Ratio: 1.2 or higher

Current Status: No major change in this ratio is expected to occur during the 2015-16 year.

FIGURE IV
Total Debt Payments Made Using City Dollars
as a Percentage of Unrestricted Operating Revenue

	Total Debt Payments Made from City Dollars	Debt Payments Made from City Dollars as Percent of Total Operating Revenue
2004-05	\$3,378,206	3.56%
2005-06	\$3,378,259	3.46%
2006-07	\$3,469,762	3.37%
2007-08	\$3,848,690	3.57%
2008-09	\$6,819,821	6.25%
2009-10	\$6,183,563	5.20%
2010-11	\$6,471,559	5.32%
2011-12	\$6,576,665	5.49%
2012-13	\$6,822,960	5.64%
2013-14	\$6,785,455	5.43%
2014-15	\$5,316,296	4.15%

Comment: The portion of the College debt paid by the State is funded separately by the State and, as a result, growth in State-funded debt payments does not impact on the College's operating revenues. However, debt payments made using City revenues directly impact on dollars which are available for College operating purposes. Act 484 requires that local sponsor revenues be used to fund the local sponsor share of capital costs prior to applying funds to operating expenditures. A decline in the percentage of operating revenues required for debt payments is a positive indication of financial flexibility.

Target: The accepted standard for private colleges and universities is to keep this ratio below 7%.

Current Status: In fiscal year 2014-15, the debt service payment associated with the 2008 bond decreased by \$1.26 million. Debt payments from City funds for FY 2015-16 will increase slightly (\$388,000) due to debt service associated with the Biology Lab Renovation Project and the West Building Escalator Replacement Project.

FIGURE V
Revenue Dispersion - Operating Budget Revenues by Source

Operating Revenue by Source	FY 12-13	% of Total	FY 13-14	% of Total	FY 14-15	% of Total
State Appropriation	\$28,036,906		\$28,036,906		\$28,499,415	
State Lease Appropriation	202,918		142,404		132,174	
TOTAL STATE	28,239,824	23.32%	28,179,310	22.53%	28,631,589	22.37%
City Operating Appropriation	18,063,705	14.92%	18,346,138	14.67%	21,353,866	16.69%
Student Tuition & Course-related Fees	72,014,866		75,490,544		75,226,747	
Student Regulatory Fees	1,190,926		1,195,462		1,173,147	
TOTAL STUDENT	73,205,792	60.47%	76,686,006	61.31%	76,399,894	59.68%
Other	1,547,115	1.28%	1,865,665	1.49%	1,609,122	1.26%
Total	\$121,056,437		\$125,077,119		\$127,994,471	

Comment: The State operating appropriation for fiscal year 2014-15 increased (\$.46 million) for the first time since FY 2011-12. The City operating appropriation represents dollars remaining from the total City allocation after all City capital obligations are met. Since the 1999 bond series was retired and the outfitting portion of the 2008 bond series was retired, more City funds (\$1.33 million) were able to be applied to the Operating Budget and the overall City appropriation was increased by \$500,000. Other income includes investment income, Federal Perkins operating budget support for career programs, and other miscellaneous income. Revenue dispersion, lack of overdependence on one revenue source, is viewed as an important indicator of financial stability. The growth in College dependence on student revenues, and indirectly on State and Federal Student aid programs (see Figure VI), is a concern.

Target: To reduce operating budget dependence on student revenues over time.

Current Status: The Governor's budget contains an increase to the Operating Budgets for Community Colleges; CCP's share of the increase is \$1.98 million. The City increased its appropriation by \$3.4 million.

FIGURE VI

Trends in Student Revenue Dependency, Percent of Tuition and Fees Paid by Grant Aid, and Operating Budget Dependency on Student Financial Aid Programs

Year	Annual Tuition and Fee Revenues (in \$000)	Percent of Operating Revenues Dependent Upon Student Tuition and Fees	Percent of Student Revenues Paid by Federal and State Aid Grants	Percent of Operating Budget Dependent on Federal and State Aid Programs
2004-05	\$45,811	48.4%	45.3%	21.9%
2005-06	\$45,330	47.6%	45.0%	21.4%
2006-07	\$48,944	49.8%	47.3%	23.6%
2007-08	\$54,020	49.6%	47.3%	23.5%
2008-09	\$56,844	52.3%	46.5%	24.3%
2009-10	\$65,308	55.0%	56.2%	30.9%
2010-11	\$69,701	57.3%	61.1%	34.9%
2011-12	\$71,641	59.8%	60.0%	35.9%
2012 -13	\$73,206	60.5%	58.3%	35.3%
2013-14	\$76,686	61.3%	56.6%	35.3%
2014-15	\$76,400	59.7%	56.8%	33.9%

Comment: Over the last two decades, the College has become increasingly dependent on student-generated revenues as the largest source of operating revenues for the College. In fiscal 2015, 59.7 percent of revenues were generated by students. Of these student revenues, a growing percentage is being paid *via* federal financial aid (Pell). In FY 2015, 33.9 percent of College operating revenues came from federal and State (primarily Pell) aid awards. Levels of funding and eligibility standards for Pell awards are subject to a political environment in Washington which is frequently less supportive of higher education funding. The College is increasingly dependent on a revenue stream with growing unpredictability.

Target: To reduce dependency on student-generated revenues as the largest single source of operating funds and reduce the College’s exposure to the funding uncertainties associated with federal financial aid programs.

Current Status: The distribution of operating revenues by source is not expected to change significantly for the 2015-16 year.

Source: The College.

- (1) Per credit hour for Philadelphia residents. Other Pennsylvania residents pay double tuition and out-of-state students pay triple tuition.
 - (2) Assumes full-time enrollment (12 credits in fall and spring terms). Amount includes: tuition, student activity fee, technology fee, and average course fees.
 - (3) The College charges course fees in high cost course areas such as allied health and laboratory sciences. Course fees range from \$75 to \$300 per course.
-

Comment: Course fees are charged in disciplines where instructional delivery costs are above average based upon factors such as class size constraints, faculty workloads, and instructional materials costs. As a result, full-time student charges vary by program of study. The lowest possible charge for a full-time student in the 2015-16 fiscal year is \$4,440.

Target: To keep tuition and fee increases per year at the lowest feasible level.

Current Status: Tuition and fee charges for the 2015-16 year will remain the same as the prior two years.

(1) Excludes the impact of GASB 45 post-retirement expense accrual.

*Estimated and includes the cost of retiring some longer-term leases. (\$3.58 million).

Comment: This chart reports total institutional operating cost per full-time equivalent (FTE) credit students. Because many of the College's costs are relatively fixed, a significant increase or decrease in enrollments will have a major impact on costs per FTE student. The drop in cost per FTE in 2009-10 is explained by the large enrollment increase. Similarly the relatively large increase in cost per FTE for 2012-13 reflects the drop in credit enrollments which occurred for the year. The costs per FTE shown in this chart do not include the future expense accrual for post-employment benefit (GASB 45 and GASB 68) expenses. The value of this accrual for 2014-15 was \$8.373 million or \$563 per credit FTE.

Target: Over time to keep the average annual increase in cost per credit FTE at or below the Philadelphia Consumer Price Index increase.

Current Status: The currently projected slight increase in enrollments, coupled with the slight increase in College expenditures, will result in a stable cost per FTE for the 2015-16 year.

Classified/Confidential						
Average Salary	\$41,307	\$40,944	\$40,609	\$41,322	\$41,312	\$42,194
Percent Increase	+4.4%	-9%	-8%	+1.8%	0%	+2.1%

Comment: Data for each year are points-in-time values as of the middle of the fall term based upon all full-time filled positions as of that date. Vacant position budgets are not included in the computation.

Target: All faculty and classified employees' salaries are set by collective bargaining agreements. The most recent five year employee contracts began on September 1, 2013. The five year contract provided no salary increases in 2011-12 and 1.5% increases in 2012-13. A mid-year increase of 3% occurred in 2013-14, 2014-15 and will also occur in 2015-16. However, through the opportunities provided by employee turnover and retirement, the goal is to keep overall average salary increases below the percentage increases granted to continuing employees over the five year contract period.

Current Status: The mid-year salary increase for 2015-16 will result in the salaries of continuing employees being approximately 3% higher in fall, 2016. However, employee turnover due to resignations and retirements are expected to result in a fall, 2016 average salary increase of less than 3% over the fall, 2015 salaries.
