## You will find valuable information about:

- What services are and are not covered by your health insurance
- How decisions are made about what is covered
- How to use our member website, **ibx.com**
- How to get in touch with us if you have a problem

If you have any questions, call Customer Service at the number on the back of your member ID card and we will be happy to help.

Thank you for being an IBX member. We look forward to providing you with quality health care coverage.

## Questions?

Log in at **ibx.com**. You can also call the number on the back of your member ID card or **1-800-ASK-BLUE (1-800-275-2583)** (TTY: 711) to speak to a Customer Service representative.

# Introduction to your health plan

You have a Personal Choice® PPO health plan, which means you have the freedom to see any in- or out-of-network doctor or specialist without a referral. You will receive the highest level of benefits when you receive care through our provider network.

It's a smart idea to select a primary care physician (PCP), even though your health plan doesn't require you to. A PCP can help you stay healthy by providing regular checkups and coordinating your care.

All network providers are required to provide coverage 24 hours a day, 7 days a week, either in the office or by on-call/answering services. However, you may also choose to use an alternative, such as virtual care, urgent care, or retail clinic.

## Using your member ID card

You and your covered dependents will each receive an IBX identification (ID) card. We recommend keeping your ID card with you, as you will need to present it when you receive care. Your ID card contains information such as what you will pay when visiting your doctor, specialist, or the emergency room (ER).

You can also log in at [ibx.com](http://ibx.com) or using the IBX mobile app to view a digital version of your ID card or print a copy. Using the app, you can save your digital ID card to your phone's Wallet.

When you receive your ID card, call the toll-free number on the removeable sticker to confirm you received it.

---

## Stay informed

Get important health plan information, health reminders, and money-saving tips and discounts sent directly to your smartphone.

Text **IBX** to **77576** to sign up.

---

## Get connected

When you confirm receipt of your member ID card, you will also be given the option to sign up for texts and emails from IBX. If you opt in, you will receive messages about health plan notifications, maximizing your benefits, and member-exclusive discounts and savings. Visit [ibx.com/getconnected](http://ibx.com/getconnected) to learn more.

## Locating an in-network doctor or hospital

You have access to an exclusive network of doctors, specialists, hospitals, and other health care providers. Search for an in-network provider by logging in at [ibx.com](http://ibx.com) and using the Find a Doctor tool.

Profiles in our provider look-up tool include valuable information, such as board certifications, medical school attended, residency completion, location maps, provider specialties, race, ethnicity, languages spoken by provider, languages spoken by staff, whether the provider is accepting new patients, and more.

You can also call the number on the back of your member ID card and a Customer Service representative will help you locate a provider.

You also have in-network coverage across the U.S. through BlueCard® PPO, which offers the largest network of doctors and hospitals in the country.

## Rights and responsibilities

A list of your rights and responsibilities is available at [ibx.com/qualitymanagement](http://ibx.com/qualitymanagement), or call Customer Service at the number on the back of your member ID card to request a paper copy.

# Using your benefits to receive care

## Scheduling an appointment

Call your doctor's office or use your doctor's online scheduling tool, if available, to make an appointment. If you need to cancel an appointment, be sure to notify the office at least 24 hours in advance when possible.

## Access after normal business hours

Your doctor's office should offer urgent medical advice 24 hours a day, 7 days a week. If an urgent issue arises after normal business hours, call your doctor's office for instructions on how to reach your doctor or the on-call doctor. You should receive a call back within one hour.

## Services that require precertification

Precertification is an approval that your doctor must receive from us before you get coverage for certain services, genetic tests, and specialty drugs. A complete list of what requires precertification is available at [ibx.com/precert](https://ibx.com/precert).

## Preventive care

Preventive care is an important part of getting and staying as healthy as possible. Our preventive care services can help you and your family avoid developing health problems and prevent minor issues from becoming major health concerns, such as diabetes and colon cancer.

Examples of preventive care services include yearly check-ups, screenings, and immunizations.

Most IBX health plans include coverage for certain designated preventive care services at no cost to you.\* This means you do not have to pay copays, coinsurance, or deductibles. If a service is not considered preventive (e.g., diagnostic procedure, ongoing treatment for an existing condition) or you don't fall within the coverage guidelines, charges may apply.

For a complete list of preventive services, visit [ibx.com/preventive](https://ibx.com/preventive) and click on the *View all preventive services* link.

## Receiving care for behavioral health or substance use disorder

If you require outpatient or inpatient behavioral health or substance use disorder services, you do not need a referral. For information on these services, call the Mental Health phone number on the back of your member ID card.

Check your health plan benefits in this book to see if you have behavioral health and substance use disorder benefits.

\*Individual benefits must be verified.

# Where to go for care

## Emergency care

In the event of an emergency, go immediately to the emergency room of the nearest hospital. If you believe your situation is particularly severe, call 911 for assistance.

A medical emergency is typically thought of as a medical or psychiatric condition in which symptoms are so severe that the absence of immediate medical attention could place one's health in serious jeopardy. Most times, a hospital emergency room is not the most appropriate place for you to be treated.

Hospital emergency rooms provide emergency care and must prioritize patients' needs. The most seriously hurt or ill patients are treated first. If you are not in that category, you could wait a long time.

## Urgent care

Urgent care is necessary treatment for a non-life-threatening, unexpected illness or accidental injury that requires prompt medical attention when your doctor is unavailable. Examples include sore throat, fever, sinus infection, earache, cuts, rashes, sprains, and broken bones.

Visit an urgent care center for a convenient, safe, and affordable treatment alternative to emergency room care or when you can't get an appointment with your own doctor.

## Retail clinic

Retail clinics are another alternative when you can't get an appointment with your own doctor for non-emergency care. Retail clinics use certified nurse practitioners, who can treat minor, uncomplicated illness or injury. Some retail health clinics may also offer flu shots and other vaccinations.

## Virtual care

Most health plans include the ability to see a doctor virtually for telemedicine, telebehavioral health, and teledermatology services. Virtual care increases access to care, provides an alternative option to emergency room and urgent care visits, and can reduce costs. In addition, many in-network doctors and specialists also offer their own virtual care services. Check your health plan benefits in this book to see how virtual care is covered.

---

## Not sure what care option to use?

Go to [ibx.com/findcarenow](https://ibx.com/findcarenow) to help you decide where to go for care.

---

## You're covered while traveling with BlueCard® PPO

You can travel with peace of mind, knowing that Blue goes with you wherever you go. With BlueCard PPO, you can present your ID card to any provider in the Blue Cross® and/or Blue Shield® PPO network across the country, and your costs are the same as if you were being treated by an in-network, local provider.

If you have a medical emergency when you are far away from home, you have two options:

- In a true emergency, go to the nearest ER.
- In an urgent care situation, find a BlueCard provider in the area.

Call [1-800-810-BLUE \(TTY: 711\)](tel:1-800-810-BLUE) or visit [bcbs.com](http://bcbs.com) to find a BlueCard provider in your area.

You can also visit an urgent care center for medical issues if an in-network provider is unavailable and if you do not require the medical services of the ER.

---

### Out of town and need care?

Call [1-800-810-BLUE \(TTY: 711\)](tel:1-800-810-BLUE) or visit [bcbs.com](http://bcbs.com) to find an in-network provider in your area.

## Use your vision benefits

Vision problems are among the most prevalent health issues in the United States. Three out of four adults use some form of vision correction. An eye exam can help detect vision problems, and can also help detect more serious chronic health conditions, such as diabetes, hypertension, and heart disease.

Administered by Davis Vision, your vision plan features a robust network, low out-of-pocket costs, and a variety of value-added services.

## Freedom of provider choice

You have access to the national Davis Vision network, which includes more than 160,000 access points for independent eye care professionals and large retail and online providers like Visionworks, [Befitting.com](#), [Glasses.com](#), and [1800Contacts.com](#).

## Low-cost frames and lens options

You have several options to choose from for your eyewear needs:

- Select frames from the Davis Vision Exclusive Collection, which are covered in full or with a minimal copay. An interactive frame try-on tool will allow you to see what the frames look like on before purchasing them.
- Choose from any in-network independent or retail provider's own frame collection and receive an allowance. This includes the following online providers: [1800Contacts.com](#), [Befitting.com](#), and [Glasses.com](#). You may have an enhanced frame allowance towards the purchase of frames at Visionworks stores. Please refer to your benefits for more information.

With fixed pricing on all lens styles and coatings, including blue light coatings, it's easy to predict your out-of-pocket costs. All frames and lenses provided by Davis Vision providers are warranted against breakage for one year from the original date of dispensing.

## View your benefits online

Log in at [ibx.com](#) to:

- Check eligibility and plan allowances

## Coverage for contacts and laser vision correction

You have the option to choose contact lenses instead of eyeglasses using your allowance. You can also use your contact lens benefit allowance at [1800Contacts.com](#), which features an extensive collection, mail order, and discounted pricing.

If you're eligible and interested in LASIK laser vision correction services, you can receive exclusive discounted pricing and financing options from a national network of credentialed physicians.

## Additional value-added services

Through your Davis Vision benefits, you have access to a free hearing exam and exclusive discounts on hearing aids, supplies, and more from Your Hearing Network.

Independence Blue Cross vision plans are administered by Davis Vision, an independent company.

An affiliate of Independence Blue Cross has a financial interest in Visionworks.

Your Hearing Network products and services are made available through your coverage with Davis Vision. Your Hearing Network is not affiliated with Independence Blue Cross and does not provide Blue Cross or Blue Shield products or services. This Benefit Booklet is a summary of the Members benefits and the procedures required in order to receive the benefits and services to which Members are entitled. Members' specific benefits covered by the Claims Administrator are described in the **Description of Covered Services** section of this Benefit Booklet. Benefits, exclusions and limitations appear in the **Exclusions - What Is Not Covered** and the **Schedule of Covered Services** sections of this Benefit Booklet.

Please remember that this Benefit Booklet is a summary of the provisions and benefits provided in the Program selected by the Member's Group. Additional information is contained in the Group Program Document available through the Member's Group benefits administrator. The information in this Benefit Booklet is subject to the provisions of the Group Program Document. If changes are made to the Members Group's Program, the Member will be notified by the Members Group benefits administrator. Group Program Document changes will apply to benefits for services received after the effective date of change.

If changes are made to this Program, the Member will be notified. Changes will apply to benefits for services received on or after the effective date unless otherwise required by applicable law.

The effective date is the *later* of:

- The effective date of the change;
- The Members Effective Date of coverage; or
- The Group Program Document anniversary date coinciding with or next following that service's effective date.

Please read the Benefit Booklet thoroughly and keep it handy. It will answer most questions regarding the Claims Administrator's procedures and services. **If Members have any other questions, they should call the Claims Administrator's Customer Service Department ("Customer Service") at the telephone number shown on the Members Identification Card ("ID Card").**

Any rights of a Member to receive benefits under the Group Program Document and Benefit Booklet are personal to the Member and may not be assigned in whole or in part to any person, Provider or entity, nor may benefits be transferred, either before or after Covered Services are rendered. However, a Member can assign benefit payments to the custodial parent of a Dependent covered under the Group Program Document and Benefit Booklet, as required by law.

See **Important Notices** section for updated language and coverage changes that may affect this Benefit Booklet.

## SCHEDULE OF COVERED SERVICES

This **Schedule of Covered Services** is an overview of the benefits you are entitled to. More details can be found in the **Description of Covered Services** section.

Subject to the exclusions, conditions and limitations of this Program, a Member is entitled to benefits for the Covered Services described in this **Schedule of Covered Services** during a Benefit Period, subject to any Copayment, Deductible, Coinsurance, Out-of-Pocket Limit or Lifetime Maximum. The percentages for Coinsurance and Covered Services shown in this **Schedule of Covered Services** are not always calculated on actual charges. For an explanation on how Coinsurance is calculated, see the "Covered Expense" definition in the **Important Definitions** section.

Some Covered Services must be Precertified before the Member receives the services. Failure to obtain a required Precertification for a Covered Service could result in a reduction of benefits. More information on Precertification is found in the **General Information** section.

## DESCRIPTION OF COVERED SERVICES

Subject to the exclusions, conditions and limitations of this Program, a Member is entitled to benefits for the Covered Services described in this **Description of Covered Services** section during a Benefit Period, subject to any Copayment, Deductible, Coinsurance, Out-of-Pocket Limit or Lifetime Maximum. These amounts and percentages, and other cost-sharing requirements are specified in the **Schedule of Covered Services**.

Covered Services may be provided by either an In-Network or Out-of-Network Provider. However, the Member will maximize the benefits available when Covered Services are provided by a Provider that belongs to the Personal Choice Network (an In-Network Provider) and has a contract with the Claims Administrator to provide services and supplies to the Member. The Member will be held harmless for Out-of-Network differentials if: an In-Network Provider fails to provide written notice to the Member of the Provider's Out-of-Network status for certain services; or, an In-Network Provider provides a written order for certain services to be performed by an In-Network Provider that has Out-of-Network status for those services and that Provider performs such service. The **General Information** section provides more detail regarding In-Network and Out-of-Network Providers, the Personal Choice Network, and the reimbursement of Covered Services provided by Facility Providers and Professional Providers.

Some Covered Services must be Precertified before the Member receives the services. Precertification of services is a vital program feature that reviews Medical Necessity of certain procedures and/or admissions. In certain cases, Precertification helps determine whether a different treatment may be available that is equally effective yet less traumatic. Precertification also helps determine the most appropriate setting for certain services. Failure to obtain a required Precertification for a Covered Service could result in a reduction of benefits. More information on Precertification is found in the **General Information** section.

### PRIMARY AND PREVENTIVE CARE

A Member is entitled to benefits for Primary Care and Preventive Care Covered Services when deemed Medically Necessary and billed for by a Provider. Cost-sharing requirements are specified in the **Schedule of Covered Services**.

"Preventive Care" services generally describe health care services performed to catch the early warning signs of health problems. These services are performed when the Member has no symptoms of disease. "Primary Care" services generally describe health care services performed to treat an illness or injury.

The Claims Administrator reviews the schedule of Covered Services, at certain times. Reviews are based on recommendations from organizations such as:

- The American Academy of Pediatrics;
- The American College of Physicians;
- The U.S. Preventive Services Task Force; and
- The American Cancer Society.

Accordingly, the frequency and eligibility of Covered Services are subject to change. A list of Preventive Care Covered Services can be found in the Preventive Schedule document. A complete listing of recommendations and guidelines can be found at <https://www.healthcare.gov/preventive-care-benefits/>.

any time. However, the Member has to be given a written notice of the change, before the change takes effect.

### **Immunizations**

The Claims Administrator will provide coverage for the following:

- Pediatric immunizations;
- Adult immunizations; and
- The agents used for the immunizations.

All immunizations, and the agents used for them, must conform to the standards set by the *Advisory Committee on Immunization Practices (ACIP) of the Center for Disease Control, U.S. Department of Health and Human Services.*

Pediatric and adult immunization schedules can be found in the Preventive Schedule document.

The benefits for these pediatric immunizations are limited to Members under 21 years of age.

The Claims Administrator will provide coverage for nutrition counseling visits or sessions. However, they need to be performed and billed by any of the following Providers, in an office setting:

- By the Member's Physician;

This benefit is in addition to any other nutrition counseling Covered Services described in this Benefit Booklet.

### **Osteoporosis Screening (Bone Mineral Density Testing or BMDT)**

The Claims Administrator will provide coverage for Bone Mineral Density Testing (BMDT), in accordance with the Preventive Schedule document. The method used needs to be one that is approved by the U.S. Food and Drug Administration. This test determines the amount of mineral in a specific area of the bone. It is used to measure bone strength, which depends on both bone density and bone quality. Bone quality refers to how the bone is built, architecture, turnover and mineralization of bone.

A BMDT must be prescribed by a Professional Provider legally authorized to prescribe such items under law.

### **Preventive Care - Adult**

The Claims Administrator will provide coverage for routine physical examinations, including a complete medical history, and other Covered Services, in accordance with the Preventive Schedule document.

### **Preventive Care - Pediatric**

The Claims Administrator will provide coverage for routine physical examinations, including a complete medical history, and other Covered Services, in accordance with the Preventive Schedule document.

Examples of treatment and services that are provided at a Retail Clinic include, but are not limited to:

- Sore throat;
- Ear, eye, or sinus infection;

If a person becomes an eligible person after the Group's Effective Date, that date becomes the eligible person's effective date under this Program.

#### Eligible Person

Eligibility shall not be affected by the Employee's physical condition and determination of eligibility for the coverage by the employer shall be final and binding.

An eligible Dependent is defined as the Employee's spouse under a legally valid existing marriage, the Employee's child(ren), including any stepchild, legally adopted child, a child placed for adoption or any child whose coverage is the Employee's responsibility under the terms of a qualified release or court order. The limiting age for covered children is the first of the month following the month in which they reach age 26.

In addition, a full-time student will be considered eligible for coverage when they are on a Medically Necessary leave of absence from an Accredited Educational Institution. The Dependent child will be eligible for coverage until the earlier of one year from the first day of the leave of absence or the date on which the coverage otherwise would terminate. Rescission: If it is proven that the Member or the Member's eligible Dependent obtained or attempted to obtain benefits or payment for benefits, through fraud or intentional misrepresentation of material fact, the Claims Administrator, may, upon notice to the Member, terminate the coverage. The Member will receive written notice at least 30 days prior to termination but will have the right to utilize the ***Appeal of an Administrative Denial and Medical Necessary Appeal Process*** to appeal cancellation.

payment for coverage under the conversion contract must be made within 31 days. Evidence of insurability is not required. Upon receipt of this payment, the conversion contract will be effective on the date of the Member's termination under this Program.

Conversion coverage shall not be available if the Member is eligible for another health care program which is available in the Group where the Member is employed or with which the Member is affiliated to the extent that the conversion coverage would result in over-insurance.

If the Member's coverage or the coverage of the Member's eligible dependent terminates because of the Member's death, the Member's change in employment status, divorce of dependent spouse, or change in a dependent's eligibility status, the terminated Member will be eligible to apply within 31 days of termination (or termination of the continuation privileges under COBRA) to conversion coverage, of the type for which that Member is then qualified at the rate then in effect. This conversion coverage may be different from the coverage provided under this Program. Evidence of insurability is not required.

It will be for the time the Member remains Totally Disabled from any such illness or injury, but not beyond 12 months if the Member ceases to be a Member because the Member's coverage under this Program ends.

Coverage under this Program will apply during an extension as if the Member was still a Member. In addition, coverage will apply only to the extent that other coverage for the Covered Services is not provided for the Member through the Claims Administrator by the Group. Continuation of coverage is subject to payment of the applicable premium.

## INFORMATION ABOUT PROVIDER REIMBURSEMENT

The Member's Personal Choice Network Plan (this Program) is a program, which allows the Member to maximize the Member's health care benefits by utilizing the Personal Choice Network, which is comprised of Providers that have a contractual arrangement with the Claims Administrator. These Providers are called "In-Network Providers". In-Network Providers are doctors, Hospitals and other health care professionals and institutions that are part of the Personal Choice Network, which is designed to provide access to care through a selected managed network of Providers. Services by In-Network Providers are delivered through a selected, managed network of Providers designed to provide quality care. The Personal Choice Network includes Hospitals, Primary Care Physicians and specialists, and a wide range of Ancillary Service Providers, including suppliers of Durable Medical Equipment, Hospice care and Home Health Care Agencies, Skilled Nursing Facilities, Free Standing Dialysis Facilities and Ambulatory Surgical Facilities.

When the Member receives health care through a Provider that is a member of the Personal Choice Network, the Member incurs limited out-of-pocket expenses, and there are no claim forms to fill out. Benefits are also provided if the Member chooses to receive health care through a Provider that is not an In-Network Provider. However, the level of benefits will be reduced, and the Member will be responsible for a greater share of out-of-pocket expenses, and the amount of the Member's expenses could be substantial. The Member may have to reach a Deductible before receiving benefits, and the Member may be required to file a claim form.

A directory of the In-Network Providers who belong to the Personal Choice Network is available to the Member upon request. It will identify the Professional Providers who have agreed to become In-Network Professional Providers and will also identify the Hospitals in the Network with which the In-Network Professional Providers are affiliated. Also included in the directory is a listing of the Ancillary Service Providers affiliated with the Personal Choice Network. The directory is updated periodically throughout the year, and the Claims Administrator reserves the right to add or delete Physicians and/or Hospitals at any given time. It is important to know that continued participation of any one doctor, Hospital or other Provider cannot be guaranteed. For information regarding Providers that participate in the Personal Choice Network, call 1-800-ASK BLUE (TTY: 711).

The Claims Administrator covers only care that is "Medically Necessary". Medically Necessary care is care that is needed for the Member's particular condition and that the Member receives at the most appropriate level of service. Examples of different levels of service are Hospital Inpatient care, treatment in Short Procedure Units and Hospital Outpatient Care.

Some of the services the Member receives through this Program must be Precertified before the Member receives them, to determine whether they are Medically Necessary. Failure to Precertify services to be provided by an Out-of-Network Provider, when required, may result in a reduction of benefits. Precertification of services is a vital program feature that reviews the Medically Necessary of certain procedures/admissions. In certain cases, Precertification helps determine whether a different treatment may be available that is equally effective. Precertification also helps determine the most appropriate setting for certain services. Innovations in health care enable doctors to provide services, once provided exclusively in an Inpatient setting, in many different settings - such as an Outpatient department of a Hospital or a doctor's office.

When the Member seeks medical treatment that requires Precertification, the Member is not responsible for obtaining the Precertification if treatment is provided by an In-Network Provider

(That is, a Provider in the Personal Choice Network). In addition, if the In-Network Provider fails to obtain a required Precertification of services, the Member will be held harmless from any associated financial Penalties assessed by the Program as a result. If the request for Precertification is denied, the Member will be notified in writing that the admission/service will not be paid because it is considered to be medically inappropriate. If the Member decides to continue treatment or care that has not been approved, the Member will be asked to do the following:

- Acknowledge this in writing.
- Request to have services provided.
- State the Member's willingness to assume financial liability.

When the Member seeks treatment from an Out-of-Network Provider or a BlueCard Provider (excluding Inpatient Admissions), the Member is responsible for initiating the Precertification process. The Member or the Member's Provider should call the Precertification number listed on the Member's Identification Card, and give their name, facility's name, diagnosis, and procedure or reason for admission. Failure to Precertify required services will result in a reduction of benefits payable to the Member.

### **Payment Of Providers**

- In-Network Provider Reimbursement  
Personal Choice reimbursement programs for health care Providers are intended to encourage the provision of quality, cost-effective care for Personal Choice members. Set forth below is a general description of Personal Choice reimbursement programs, by type of Personal Choice Network health care Provider.

Please note that these programs may change from time to time, and the arrangements with particular Providers may be modified as new contracts are negotiated. If the Member has any questions about how the Member's health care Provider is compensated, the Member should speak to their healthcare Provider directly or contact Customer Services.

- Physicians  
Personal Choice Network Physicians, including Primary Care Provider (PCPs) and specialists, are paid on a fee-for-service basis, meaning that payment is made according to the Claims Administrator's Personal Choice fee schedule for the specific medical services that the Physician performs.
- Institutional Providers  
Hospitals: For most Inpatient medical and surgical services, Hospitals are paid per diem rates, which are specific amounts paid for each day a Member is in the Hospital. These rates usually vary according to the intensity of the Covered Services provided. Some Hospitals are also paid case rates, which are set dollar amounts paid for a complete Hospital stay related to a specific procedure or diagnosis, (For example, transplants). For most Outpatient and Emergency Services and procedures, most Hospitals are paid specific rates based on the type of Covered Service performed. For a few Covered Services, Hospitals are paid based on a percentage of billed charges. Most Hospitals are paid through a combination of the above payment mechanisms for various services.

The Claims Administrator implemented a quality incentive program with a few Hospitals. This program provides increased reimbursement to these Hospitals based on them meeting specific quality criteria, including "Patient Safety Measures". Such patient safety measures are consistent with recommendations by the President's Advisory Commission on Consumer Protection and Quality in the Health Care Industry and are

designed to help reduce medical and medication errors. Other criteria are directed at improved patient outcomes, higher nursing staff ratios, and electronic submissions. This is a new incentive program that is expected to evolve over time.

Skilled Nursing Facilities, Rehabilitation Hospitals, and other care facilities: Most Skilled Nursing Facilities and other special care facilities are paid per diem rates, which are specific amounts paid for each day a Member is in the facility. These amounts may vary according to the intensity of the Covered Services provided.

Ambulatory Surgical Facilities (ASFs): Most ASFs are paid specific rates based on the type of Covered Service performed. For a few services, some ASFs are paid based on a percentage of billed charges.

- Physician Group Practices, Physician Associations and Integrated Delivery Systems  
Certain Physician group practices, independent physician associations (IPAs) and integrated hospital/physician organizations called Integrated Delivery Systems (IDS) employ or contract with individual Physicians to provide medical services. These groups are paid as described in the Physician's reimbursement section outlined above. These groups may pay their affiliated Physicians a salary and/or provide incentives based on production, quality, service, or other performance standards.
- Ancillary Service Providers, certain Facility Providers and Mental Health/Psychiatric Care and Alcohol Or Drug Abuse And Dependency Providers  
Ancillary Service Providers, such as Durable Medical Equipment Providers, laboratory Providers, Home Health Care Agencies, and mental health/psychiatric care and Alcohol and Drug Abuse Providers are paid on the basis of fee-for-service payments according to the Claims Administrator's Personal Choice fee schedule for the specific Covered Services performed. In some cases, such as for mental health/psychiatric care and Alcohol and Drug Abuse benefits, one vendor arranges for all such services through a contracted set of providers. The Claims Administrator reimburses the contracted Providers of these vendors on a fee-for-service basis. An affiliate of Independence Blue Cross has less than a 1% ownership interest in this mental health/psychiatric care and Alcohol and Drug Abuse vendor.
- Payment of Out-of-Network Providers  
For Covered Services received from an Out-of-Network Provider when the Consolidated Appropriations Act ("CAA") does not apply to the Covered Services, payment will be made directly to the Member and the Member will be responsible for reimbursing the Out-of-Network Provider. However, Claims Administrator reserves the right, in its sole discretion, to make payments directly to the Out-of-Network Provider. For Covered Services that fall within the scope of the CAA, payment will be made directly to the Out-of-Network Provider in accordance with the provisions of the CAA.
- Payment Methods  
A Member or the Provider may submit bills directly to the Claims Administrator, and, to the extent that benefits are payable within the terms and conditions of this Benefit Booklet, reimbursement will be furnished as detailed below. The Member's benefits for Covered Services are based on the rate of reimbursement as set forth under "Covered Expense" in the **Important Definitions** section of this Benefit Booklet.
  - Facility Providers
    - In-Network Facility Providers

In-Network Facility Providers are members of the Personal Choice Network and have a contractual arrangement with the Claims Administrator for the provision of services to Members. Benefits will be provided as specified in the **Schedule of Covered Services** for Covered Services which have been performed by an In-Network Facility Provider. The Claims Administrator will compensate In-Network Facility Providers in accordance with the contracts entered into between such Providers and the Claims Administrator. BlueCard Providers will be compensated by the Blue Cross and Blue Shield Plans with which they contract. No payment will be made directly to the Member for Covered Services rendered by any In-Network Facility Provider.

➤ Out-of-Network Facility Providers

Out-of-Network Facility Providers include facilities that are not part of the Personal Choice Network. The Claims Administrator may have a contractual arrangement with a facility even if it is not part of the Personal Choice Network.

The Claims Administrator will provide benefits for Covered Services provided by an Out-of-Network Facility Provider at the Out-of-Network Coinsurance level specified in the **Schedule of Covered Services**. The reimbursement rate is specified under "Covered Expense" in the **Important Definitions** section of this Benefit Booklet.

If the Claims Administrator determines that Covered Services were for Emergency Care as defined herein, the Member is protected from surprise billing or balance billing. The Member cannot be balanced billed for the Emergency Services. This includes services the Member may receive after the Member is in stable condition, unless the Member gives written consent and gives up the right under the CAA not to be balanced billed for these post-stabilization services. Emergency admissions must be certified within two business days of admission, or as soon as reasonably possible, as determined by the Claims Administrator. Payment for Emergency Services provided by Out-of-Network Providers will be based upon the methodology established by the CAA.

Once Covered Services are rendered by a Facility Provider, the Claims Administrator will not honor a Member's request not to pay for claims submitted by the Facility Provider. The Member will have no liability to any person because of its rejection of the request.

– Professional Providers

➤ In-Network Providers

The Claims Administrator is authorized by the Member to make payment directly to the In-Network Professional Providers furnishing Covered Services for which benefits are provided under this Program. In-Network Professional Providers have agreed to accept the rate of reimbursement determined by a contract as payment in full for Covered Services. BlueCard Providers will be compensated by the Blue Cross and Blue Shield Plans with which they contract. In-Network Professional Providers will make no additional charge to Members for Covered Services except in the case of certain Copayments, Coinsurance or other cost-sharing features as specified under this Program. The Member is responsible within 60 days of the date in which the Claims Administrator finalizes such services to pay, or make arrangements to pay, such amounts to the In-Network Professional Provider.

Benefit amounts, as specified in the **Schedule of Covered Services** of this Program, refer to Covered Services rendered by a Professional Provider which are regularly included in such Provider's charges and are billed by and payable to such

Provider. Any dispute between the In-Network Professional Provider and a Member with respect to balance billing shall be submitted to the Claims Administrator for determination. The decision of the Claims Administrator shall be final.

Once Covered Services are rendered by a Professional Provider, the Claims Administrator will not honor a Member's request not to pay for claims submitted by the Professional Provider. The Claims Administrator will have no liability to any person because of its rejection of the request.

- **Emergency Care by Out-of-Network Providers**  
If the Claims Administrator determines that Covered Services provided by an Out-of-Network Provider were for Emergency Care, the Member is protected from surprise billing or balance billing and will be subject to the In-Network cost-sharing levels. Penalties that ordinarily would be applicable to Out-of-Network Covered Services will not be applied. For Emergency Care and other Out-of-Network Providers, such as ambulance and air ambulance services, the Claims Administrator will reimburse the Out-of-Network Provider directly for Covered Services based upon the methodology established by the CAA. In these situations, the Member cannot be balance billed for the Emergency Services. This includes services the Member may receive after the Member is in stable condition, unless the Member gives written consent and gives up the right under the CAA not to be balance billed for these post-stabilization services. For payment of Covered Services provided by an Out-of-Network Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet. Inpatient admissions for Emergency Care must be certified within two business days of admission, or as soon as reasonably possible, as determined by the Claims Administrator. Payment for Emergency Services provided by Out-of-Network Providers will be based upon the methodology established by the CAA.
  
- **Out-of-Network Hospital-Based Provider Reimbursement**  
When the Member receives Covered Services from an Out-of-Network Hospital-Based Provider while the Member is an Inpatient at an In-Network Hospital or other In-Network Facility Provider and are being treated by an In-Network Professional Provider, the Member will receive the In-Network cost-sharing level of benefits for the Covered Services provided by the Out-of-Network Hospital-Based Provider. For Covered Services outside the scope of the CAA, payment will be made to the Member, who will be responsible for reimbursing the Out-of-Network Hospital-Based Provider. For Covered Services within the scope of the CAA, the Claims Administrator will reimburse the Out-of-Network Hospital-Based Provider directly based upon the methodology established by the CAA. The Member cannot be balance billed by the Out-of-Network Hospital-Based Provider, and the Out-of-Network Hospital-Based Provider cannot ask the Member to give up their right under the CAA not to be balance billed. For payment of Covered Services provided by an Out-of-Network Professional Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet. Payment for services provided by Out-of-Network Hospital-Based Providers will be based upon the methodology established by the CAA.

If the Member receives other services at an In-Network Hospital or other In-Network Facility Provider, Out-of-Network Providers cannot balance bill the Member, unless the Member gives written consent and gives up the right under the CAA not to be balance billed.

Note that when the Member elects to see an Out-of-Network Hospital-Based Provider for follow-up care or any other service where the Member has the ability to select an In-Network Provider and the CAA does not apply to the Covered Service, the Covered Services will be covered at an Out-of-Network benefit level. Except for Emergency Care, if an Out-of-Network Provider admits the Member to a Hospital or other Facility Provider, Covered Services provided by an Out-of-Network Hospital-Based Provider will be reimbursed at the Out-of-Network benefit level. For such Covered Services, payment will be made to the Member and the Member will be responsible for reimbursing the Out-of-Network Hospital-Based Provider. For payment of Covered Services provided by an Out-of-Network Professional Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet.

- Inpatient Hospital Consultations by an Out-of-Network Professional Provider  
When the Member receives Covered Services for an Inpatient hospital consultation from an Out-of-Network Professional Provider while the Member is Inpatient at an In-Network Facility Provider, and the Covered Services are referred by an In-Network Professional Provider, the Member will receive the In-Network cost-sharing level of benefits for the Inpatient hospital consultation. The Claims Administrator will reimburse the Out-of-Network Professional Provider at an In-Network rate directly. For certain Out-of-Network Hospital-Based Providers (For example, anesthesiologists, hospitalists and other Providers as defined by the CAA), the Claims Administrator will reimburse the Out-of-Network Hospital-Based Provider directly based upon the methodology established by the CAA. For certain Providers, the Member cannot be balanced billed by the Out-of-Network Professional Provider, and the Out-of-Network Professional Provider cannot ask the Member to give up their right under the CAA not to be balanced billed.

For such Covered Services not within the scope of the CAA, payment will be made to the Member and the Member will be responsible for reimbursing the Out-of-Network Professional Provider. For payment of Covered Services provided by an Out-of-Network Professional Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet. For Covered Services within the scope of the CAA, payment for consultation services provided by Out-of-Network Professional Providers will be made directly to the Provider based upon the methodology established by the CAA.

The Out-of-Network Professional Provider cannot balance bill the Member, unless the Member gives written consent and gives up the right under the CAA not to be balanced billed.

Note that when the Member elects to see an Out-of-Network Professional Provider for follow-up care or any other service when the Member has the ability to select an In-Network Provider, and the CAA does not apply to the Covered Service, the Covered Services will be covered at an Out-of-Network benefit level. Except for Emergency Care and other Covered Services within the scope of the CAA, if an Out-of-Network Professional Provider admits the Member to a Hospital or other Facility Provider, services provided by Out-of-Network Professional Provider will be reimbursed at the Out-of-Network benefit level. For such Covered Services, payment will be made to the Member and the Member will be responsible for reimbursing the Out-of-Network Professional Provider. For payment of Covered Services provided by an Out-of-Network Professional Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet.

- **Out-of-Network Air Ambulance Providers**  
For air ambulance services provided by an Out-of-Network Provider, the Member is protected from surprise billing or balance billing and will be subject to the In-Network cost-sharing levels. Penalties that ordinarily would be applicable to Out-of-Network Covered Services will not be applied. The Claims Administrator will reimburse the Out-of-Network Provider directly based upon the methodology established by the CAA. In this instance the specified Out-of-Network Provider will not bill the Member for amounts in excess of the Claims Administrator's payment for air ambulance services and the Member cannot be balanced billed for the air ambulance services provided by an Out-of-Network Provider. Payment for air ambulance services provided by Out-of-Network Providers, will be based upon the methodology established by the CAA.
- **Out-of-Network Professional Provider Reimbursement**  
Except as set forth above, when a Member seeks care from an Out-of-Network Professional Provider, benefits will be provided to the Member at the Out-of-Network Coinsurance level specified in the **Schedule of Covered Services**. For payment of Covered Services provided by an Out-of-Network Professional Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet. When a Member seeks care and receives Covered Services from an Out-of-Network Professional Provider, the Member will be responsible to reimburse the Out-of-Network Professional Provider for the difference between the Claims Administrator's payment and the Out-of-Network Professional Provider's charge.
- **Ancillary Service Providers**
  - **In-Network Ancillary Service Providers**  
In-Network Ancillary Service Providers include members of the Personal Choice Network that have a contractual relationship with the Claims Administrator for the provision of services or supplies to Members. Benefits will be provided as specified in the **Schedule of Covered Services** for the provision of services or supplies provided to Members by In-Network Ancillary Service Providers. The Claims Administrator will compensate In-Network Ancillary Service Providers in the Personal Choice Network in accordance with the contracts entered into between such Providers and the Claims Administrator. No payment will be made directly to the Member for Covered Services rendered by any In-Network Ancillary Service Provider.
  - **Out-of-Network Ancillary Service Providers**  
Out-of-Network Ancillary Service Providers are not members of the Personal Choice Network. Benefits will be provided to the Member at the Out-of-Network Coinsurance level specified in the **Schedule of Covered Services**. The Member will be penalized by the application of higher cost-sharing as detailed in the **Schedule of Covered Services**. For payment of Covered Services provided by an Out-of-Network Ancillary Service Provider, please refer to the definition of "Covered Expense" in the **Important Definitions** section of this Benefit Booklet. When a Member seeks care and receives Covered Services from an Out-of-Network Ancillary Service Provider, the Member will be responsible to reimburse the Out-of-Network Ancillary Service Provider for the difference between the Claims Administrator's payment and the Out-of-Network Ancillary Service Provider's charge.
- **Assignment of Benefits to Providers**  
The right of a Member to receive benefit payments under this Program is personal to the Member and is not assignable in whole or in part to any person, Hospital, or other entity

nor may benefits of this Program be transferred, either before or after Covered Services are rendered. However, a Member can assign benefit payments to the custodial parent of a Dependent covered under this Program, as required by law.

## **BlueCard Program**

- Out-of-Area Services

### Overview

The Claims Administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever the Member accesses healthcare services outside of the geographic area the Claims Administrator serves, the claims for these services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When the Member receives care outside of the Claims Administrator's service area, the Member will receive it from one of two kinds of providers. Most providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). Some providers ("nonparticipating providers") don't contract with the Host Blue. The Claims Administrator explains below how the Claims Administrator pays both kinds of providers.

### Inter-Plan Arrangements Eligibility - Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all Dental Care Benefits except when paid as medical claims/benefits, and those Prescription Drug Benefits or Vision Care Benefits that may be administered by a third party contracted by the Claims Administrator to provide the specific service or services.

- BlueCard® Program

Under the BlueCard® Program, when the Member receives Covered Services within the geographic area served by a Host Blue, the Claims Administrator will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

When the Member receives Covered Services outside the Claims Administrator's service area and the claim is processed through the BlueCard Program, the amount the Member pays for Covered Services is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to the Claims Administrator.

Often this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to the Member's healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with the Member's healthcare provider or provider group that may include types of settlements, incentive payments and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price the Claims Administrator has used for the Member's claim because they will not be applied after a claim has already been paid.

- Special Cases: Value-Based Programs

BlueCard® Program

If the Member receives Covered Services under a Value-Based Program inside a Host Blue's service area, the Member will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to the Claims Administrator through average pricing or fee schedule adjustments.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If the Claims Administrator has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Group on the Member's behalf, the Claims Administrator will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

- Nonparticipating Providers Outside the Claims Administrator's Service Area

- Member Liability Calculation

When Covered Services are provided outside of the Claims Administrator's service area by nonparticipating providers, the amount the Member pays for such services will normally be based on either the Host Blue's nonparticipating provider local payment or the pricing arrangements required by applicable state law. In these situations, the Member may be responsible for the difference between the amount that the nonparticipating provider bills and the payment the Claims Administrator will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

- Exceptions

In certain situations, the Claims Administrator may use other payment methods, such as billed charges for Covered Services, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment to determine the amount the Claims Administrator will pay for services provided by nonparticipating providers. In these situations, the Member may be liable for the difference between the amount that the nonparticipating provider bills and the payment the Claims Administrator will make for the Covered Services as set forth in this paragraph.

- Blue Cross Blue Shield Global Core

If the Member is outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), the Member may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing Covered Services. The Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance,

although the Blue Cross Blue Shield Global Core assists the Member with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when the Member receives care from providers outside the BlueCard service area, the Member will typically have to pay the providers and submit the claims themselves to obtain reimbursement for these services.

If the Member needs medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, the Member should call the Blue Cross Blue Shield Global Core Service Center at 1.800.810.BLUE (2583) (TTY: 711) or call collect at 1.804.673.1177 (TTY: 711), 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

➤ **Inpatient Services**

In most cases, if the Member contacts the service center for assistance, hospitals will not require the Member to pay for covered inpatient services, except for the Member's deductibles, coinsurance, etc. In such cases, the hospital will submit the Member's claims to the service center to begin claims processing. However, if the Member paid in full at the time of service, the Member must submit a claim to receive reimbursement for Covered Services. **The Member must contact the Claims Administrator to obtain precertification for non-emergency inpatient services.**

➤ **Outpatient Services**

Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require the Member to pay in full at the time of service. The Member must submit a claim to obtain reimbursement for Covered Services.

## **SERVICES AND SUPPLIES REQUIRING PRECERTIFICATION**

### **Precertification Review**

When required, Precertification review evaluates the Medical Necessity, including the appropriateness of the setting, of proposed services for coverage under the Member's benefit plan. Examples of these services include planned or elective Inpatient Admissions and selected Outpatient procedures. For groups located in the Personal Choice Network service area, Precertification review may be initiated by the Provider or the Member depending on whether the Provider is a Personal Choice Network Provider. For Member's located outside the Claims Administrator's Personal Choice Network who are accessing BlueCard Providers, the Member is responsible for initiating or requesting the Provider to initiate the Precertification review (excluding Inpatient Admissions). Where Precertification review is required, the Claims Administrator's coverage of the proposed procedure is contingent upon the review being completed and receipt of the approval certification. Coverage penalties may be applied where Precertification review is required for a procedure but is not obtained.

While the majority of services requiring Precertification review are reviewed for Medical Necessity of the requested procedure setting (For example, Inpatient, Short Procedure Unit, or Outpatient setting), other elements of the Medical Necessity of the procedure may not always be evaluated and may be automatically approved based on the procedure or diagnosis for which the procedure is requested or an agreement with the performing provider. Precertification review is not required for Emergency services and is not performed where an agreement with the Claims Administrator's local In-Network Provider does not require such review.

The following information provides more specific information of this Program's Precertification requirements.

▪ Inpatient Pre-Admission Review

– In-Network Inpatient Admissions

In accordance with the criteria and procedures described above, Inpatient Admissions, other than an Emergency or maternity admission, must be Precertified in accordance with the standards of the Claims Administrator as to the Medical Necessity of the admission. The Precertification requirements for Emergency admissions are set forth in the "Emergency Admission Review" subsection of this **General Information** section. An In-Network Hospital, Skilled Nursing Facility, or other Facility Provider in the Personal Choice Network will verify the Precertification at or before the time of admission. The Hospital, Skilled Nursing Facility or other Facility Provider, is responsible to Precertify an Inpatient Admission under the BlueCard Program. The Claims Administrator will not authorize the Hospital, Skilled Nursing Facility or other Facility Provider admission if Precertification is required and is not obtained in advance. For Member's who reside in the Claims Administrator's local Personal Choice Network service area, the Claims Administrator will hold the Member harmless and the Member will not be financially responsible for admissions to Hospitals, Skilled Nursing Facilities or other Facility Providers in the Personal Choice Network which fail to conform to the pre-admission certification requirements unless:

- The Provider provides prior written notice that the admission will not be paid by the Claims Administrator; and
- The Member acknowledges this fact in writing together with a request to be admitted which states that the Member will assume financial liability for such Facility Provider admission.

– Out-of-Network Inpatient Admissions

For an Out-of-Network Inpatient Admission, the Member is responsible to have the admission (other than for an Emergency or maternity admission) certified in advance as an approved admission.

- To obtain Precertification, the Member is responsible to contact or have the admitting Physician or other Facility Provider contact the Claims Administrator prior to admission to the Hospital, Skilled Nursing Facility, or other Facility Provider. The Claims Administrator will notify the Member, admitting Physician and the Facility Provider of the determination. The Member is eligible for Inpatient benefits at the Out-of-Network level shown in the **Schedule of Covered Services** if, and only if, prior approval of such benefits has been certified in accordance with the provisions of this Benefit Booklet.
- If such prior approval for a Medically Necessary Inpatient Admission has not been certified as required, there will be a Penalty for non-compliance and the amount, as shown below, will be deemed not to be Covered Services under this Program. Such Penalty, and any difference in what is covered by the Claims Administrator and the Member's obligation to the Provider, will be the sole responsibility of, and payable by, the Member.

If a Member elects to be admitted to the Facility Provider after review and notification that the reason for admission is not approved for an Inpatient level of care, Inpatient benefits will not be provided and the Member will be financially liable for non-covered Inpatient charges.

- If Precertification is denied, the Member, the Physician or the Facility Provider may

appeal the determination and submit information in support of the claim for Inpatient benefits. A final determination concerning eligibility for Inpatient benefits will be made and the Member, Physician, or Facility Provider will be so notified.

▪ Emergency Admission Review

– In-Network Admissions

It is the responsibility of the In-Network Provider to notify the Claims Administrator of the In-Network Emergency admission.

– Out-of-Network Provider Admissions

- Members are responsible for notifying the Claims Administrator of an Out-of-Network Provider Emergency admission within two business days of the admission, or as soon as reasonably possible, as determined by the Claims Administrator.
- Failure to initiate Emergency admission review will result in a reduction in Covered Expense for Out-of-Network services. Such Penalty, as shown below, will be the sole responsibility of, and payable by, the Member.
- If the Member elects to remain hospitalized after the Claims Administrator and the attending Physician have determined that an Inpatient level of care is not Medically Necessary, the Member will be financially liable for non-covered Inpatient charges from the date of notification.

▪ Concurrent and Retrospective Review

Concurrent review may be performed while services are being performed. This may occur during an Inpatient stay and typically evaluates the expected and current length of stay to determine if continued hospitalization is Medically Necessary. When performed, the review assesses the level of care provided to the Member and coordinates discharge planning. Concurrent review continues until the patient is discharged. Not all Inpatient stays are reviewed concurrently. Concurrent Review is generally not performed where an Inpatient Facility is paid based on a per case or diagnosis-related basis, or where an agreement with the Facility does not require such review.

Retrospective/Post Service review:

Retrospective review occurs after services have been provided. This may be for a variety of reasons, including the Claims Administrator not being notified of a Member's admission until after discharge or where medical charts are unavailable at the time of concurrent review. Certain services are only reviewed on a retrospective/post-service basis.

In addition to these standard utilization reviews, the Claims Administrator also may determine coverage of certain procedures and other benefits available to Members through Prenotification as required by the Member's benefit plan, and discharge planning.

Pre-notification. Pre-notification is advance notification to the Claims Administrator of an Inpatient Admission or Outpatient service where no Medical Necessity review is required, such as maternity admissions/deliveries. Pre-notification is primarily used to identify Members for Concurrent review needs, to ascertain discharge planning needs proactively, and to identify Members who may benefit from Case Management programs.

Discharge Planning. Discharge Planning is performed during an Inpatient Admission and is used to identify and coordinate a Member's needs and benefits coverage following the Inpatient stay, such as covered home care, ambulance transport, acute rehabilitation, or Skilled Nursing Facility placement. Discharge Planning involves the Claims Administrator's

authorization of covered post-Hospital services and identifying and referring Members to Disease Management or Case Management benefits.

**Selective Medical Review.** In addition to the foregoing requirements, the Claims Administrator reserves the right, under its utilization and quality management programs, to perform a medical review prior to, during or following the performance of certain Covered Services ("Selective Medical Review") that are otherwise not subject to review as described above. In addition, the Claims Administrator reserves the right to waive medical review for certain Covered Services for certain Providers, if the Claims Administrator determines that those Providers have an established record of meeting the utilization and/or quality management standards for these Covered Services. Coverage penalties are not applied to Members where required Selective Medical Review is not obtained by the Provider.

### **Other Precertification Requirements**

Precertification is required by the Claims Administrator in advance for certain services. **To obtain a list of services that require Precertification, please go to [www.ibx.com/preapproval](http://www.ibx.com/preapproval) or call the Customer Service telephone number that is listed on the Member's Identification Card.** When a Member plans to receive any of these listed procedures, the Claims Administrator will review the Medical Necessity for the procedure or treatment in accordance with the criteria and procedures described above and grant prior approval of benefits accordingly. In certain circumstances the requirement for precertification may be altered or waived at the discretion of the Claims Administrator. The Claims Administrator may retrospectively review these services.

Surgical, diagnostic and other procedures, listed on the Precertification requirements list, that are performed during an Emergency, as determined by the Claims Administrator, do not require Precertification. However, the Claims Administrator should be notified within two business days of Emergency services for such procedures, or as soon as reasonably possible, as determined by the Claims Administrator.

- **In-Network Care**  
In-Network Providers in the Personal Choice Network must contact the Claims Administrator to initiate Precertification. The Claims Administrator will verify the results of the Precertification with the Member and with the In-Network Provider. If the In-Network Provider is a BlueCard Provider, however, the Member must initiate Precertification (excluding Inpatient Admissions).

If such prior approval is not obtained and the Member undergoes the surgical, diagnostic or other procedure or treatment that requires Precertification, then benefits will be provided for Medically Necessary treatment, subject to a Penalty.

For In-Network Providers in the Personal Choice Network, the Claims Administrator will hold the Member harmless and the Member will not be financially responsible for this financial Penalty for the In-Network Provider's failure to comply with the Precertification requirements or determination, unless a Member elects to receive the treatment after review and written notification that the procedure is not covered as Medically Necessary. In which case benefits will not be provided and the Member will be financially liable for non-covered charges.

- **Out-of-Network Care**  
For Out-of-Network Care and care provided by BlueCard Providers (excluding Inpatient Admissions), the Member is responsible to have the Provider performing the service contact the Claims Administrator to initiate Precertification. The Claims Administrator will verify the results of the Precertification with the Member and the Provider.

If such prior approval is not obtained and the Member undergoes the surgical, diagnostic or other procedure or treatment that requires Precertification, then benefits will be provided for Medically Necessary treatment, but the Provider's charge less any applicable Coinsurance, Copayments, Deductibles shall be subject to a Penalty, as reflected below. Such Penalty, and any difference in what is covered by the Claims Administrator and the Member's obligation to the Provider, will be the sole responsibility of, and payable by, the Member.

### **Precertification Penalty:**

If the Provider is a BlueCard Provider of another Blue Plan (excluding Inpatient Admissions) or the Member uses an Out-of-Network Provider, the Member must obtain Precertification if required. The Member will be subject to a 20% reduction in benefits if Precertification is not obtained.

In addition to the Precertification requirements referenced above, the Member should contact the Claims Administrator for certain categories of treatment (listed below) so that the Member will know prior to receiving treatment whether it is a Covered Service. This applies to In-Network Providers in the Personal Choice Network and to Members (and their Providers) who elect to receive treatment provided by either BlueCard Providers or Out-of-Network Providers. Those categories of treatment (in any setting) include:

- Any surgical procedure that may be considered potentially cosmetic;
- Any procedure, treatment, drug or device that represents "emerging technology"; and
- Services that might be considered Experimental/Investigative.

The Member's Provider should be able to assist in determining whether a proposed treatment falls into one of these three categories. Also, the Claims Administrator encourages the Member's Provider to place the call for the Member.

For more information, please see the **Important Notices** section of this Benefit Booklet that pertain to Experimental/Investigative Services, Cosmetic services, Medically Necessary services and Emerging Technology.

### **Out-Of-Area Care for Dependent Students**

If an unmarried Dependent child is a full-time student in an Accredited Educational Institution located outside the area served by the Personal Choice Network, the student may be eligible to receive Out-of-Network care at the In-Network level of benefits. Charges for treatment will be paid at the In-Network level of benefits when the Dependent student receives care from Providers as described in the "BlueCard Program" subsection of the **General Information** section. However, treatment provided by an educational facility's infirmary for Urgent Care, (For example, may also be paid at the In-Network level of benefits, but the Claims Administrator should be notified within 48 hours of treatment to insure Covered Services are treated as In-Network Covered Services). Nothing in this provision will act to continue coverage of a Dependent child past the date when such child's coverage would otherwise be terminated under this Program.

## **UTILIZATION REVIEW PROCESS AND CRITERIA**

### **Utilization Review Process**

A basic condition of IBC's, and its subsidiary QCC Insurance Company's ("the Claims Administrator") benefit plan coverage is that in order for a health care service to be covered or payable, the services must be Medically Necessary. To assist the Claims Administrator in making coverage determinations for requested health care services, the Claims Administrator uses established IBC Medical Policies and medical guidelines based on clinically credible

evidence to determine the Medical Necessity of the requested services. The appropriateness of the requested setting in which the services are to be performed is part of this assessment. The process of determining the Medical Necessity of requested health care services for coverage determinations based on the benefits available under a Member's benefit plan is called utilization review.

It is not practical to verify Medical Necessity on all procedures on all occasions; therefore, certain procedures may be determined by the Claims Administrator to be Medically Necessary and automatically approved based on the accepted Medical Necessity of the procedure itself, the diagnosis reported or an agreement with the performing Provider. An example of such automatically approved services is an established list of services received in an Emergency room which has been approved by the Claims Administrator based on the procedure meeting Emergency criteria and the severity of diagnosis reported (For example, rule out myocardial infarction, or major trauma). Other requested services, such as certain elective Inpatient or Outpatient procedures may be reviewed on a procedure specific or setting basis.

Utilization review generally includes several components which are based on when the review is performed. When the review is required before a service is performed it is called a Precertification review. Reviews occurring during a hospital stay are called a concurrent review, and those reviews occurring after services have been performed are called either retrospective or post-service reviews. The Claims Administrator follows applicable state and federally required standards for the timeframes in which such reviews are to be performed.

Generally, where a requested service is not automatically approved and must undergo Medical Necessity review, nurses perform the initial case review and evaluation for coverage approval using the Claims Administrator's Medical Policies, established guidelines and evidence-based clinical criteria and protocols; however only a Medical Director employed by the Claims Administrator may deny coverage for a procedure based on Medical Necessity. The evidence-based clinical protocols evaluate the Medical Necessity of specific procedures and the majority are computer-based. Information provided in support of the request is entered into the computer-based system and evaluated against the clinical protocols. Nurses apply applicable benefit plan policies and procedures, taking into consideration the individual Member's condition and applying sound professional judgment. When the clinical criteria are not met, the given service request is referred to a Medical Director for further review for approval or denial. Independent medical consultants may also be engaged to provide clinical review of specific cases or for specific conditions. Should a procedure be denied for coverage based on lack of Medical Necessity, a letter is sent to the requesting Provider and Member in accordance with applicable law.

The Claims Administrator's utilization review program encourages peer dialogue regarding coverage decisions based on Medical Necessity by providing Physicians with direct access to the Claims Administrator's Medical Directors to discuss coverage of a case. Medical Directors and nurses are salaried, and contracted external Physician and other professional consultants are compensated on a per case reviewed basis, regardless of the coverage determination. The Claims Administrator does not specifically reward or provide financial incentives to individuals performing utilization review services for issuing denials of coverage. There are no financial incentives for such individuals which would encourage utilization review decisions that result in underutilization.

### **Clinical Criteria, Guidelines and Resources**

The following guidelines, clinical criteria and other resources are used to help make Medical Necessity coverage decisions:

Clinical Decision Support Criteria: Clinical Decision Support Criteria is an externally validated and computer-based system used to assist the Claims Administrator in determining Medical Necessity. This evidence-based, Clinical Decision Support Criteria is nationally recognized and validated. Using a model based on evaluating intensity of service and severity of illness, these criteria assist our clinical staff evaluating the Medical Necessity of coverage based on a Member's specific clinical needs. Clinical Decision Support Criteria helps promote consistency in the Claims Administrator's plan determinations for similar medical issues and requests, and reduces practice variation among the Claims Administrator's clinical staff to minimize subjective decision-making.

Clinical Decision Support Criteria may be applied for Covered Services including but not limited to the following:

- Some elective surgeries-settings for Inpatient and Outpatient procedures (For example, hysterectomy and sinus Surgery);
- Inpatient hospitalizations;
- Inpatient Rehabilitation;
- Home Health;
- Durable Medical Equipment;
- Skilled Nursing Facility.

Centers for Medicare and Medicaid Services (CMS) Guidelines: A set of guidelines adopted and published by CMS for coverage of services by Medicare for Medicare Members.

IBC Medical Policies: IBC maintains an internally developed set of policies that document the coverage and conditions for certain medical/surgical procedures and ancillary services.

Covered Services for which IBC's Medical Polices are applied include, but are not limited to:

- Ambulance;
- Infusion;
- Speech Therapy;
- Occupational Therapy;
- Durable Medical Equipment;
- Review of potential cosmetic procedures.

IBC (and QCC) Internally Developed Guidelines: A set of guidelines developed specifically by IBC (and QCC), as needed, with input by clinical experts based on accepted practice guidelines within the specific fields and reflecting IBC Medical Policies for coverage.

### **Delegation of Utilization Review Activities And Criteria**

In certain instances, the Claims Administrator has delegated certain utilization review activities, including Precertification review, concurrent review, and Case Management, to integrated delivery systems and/or entities with an expertise in medical management of a certain membership population (such as, Neonates/premature infants) or type of benefit or service (such as mental health/psychiatric care and Alcohol and Drug Abuse or radiology). In such instances, a formal delegation and oversight process is established in accordance with applicable law and nationally-recognized accreditation standards. In such cases, the delegate's utilization review criteria are generally used, with the Claims Administrator's approval.

### **Utilization Review and Criteria for Mental Health/Psychiatric Care and Alcohol and Drug Abuse Services**

Utilization Review activities for mental health/psychiatric care and Alcohol and Drug Abuse services have been delegated by IBC (and QCC) to a behavioral health management company,

which administers the mental health/psychiatric care and Alcohol and Drug Abuse benefits for the majority of the Claims Administrator's Members.

## **COORDINATION OF BENEFITS**

### **Coordination of Benefits**

This Program's Coordination of Benefits (COB) provision is designed to conserve funds associated with health care.

#### ▪ Definitions

In addition to the Definitions of this Program for purposes of this provision only:

"Plan" shall mean any group arrangement providing health care benefits or Covered Services through:

- Individual, group, (except hospital indemnity plans), blanket (except student accident) or franchise insurance coverage;
- The Plan, health maintenance organization and other prepayment coverage;
- Coverage under labor management trusted plans, union welfare plans, Employer organization plans, or Employee benefit organization plans; and
- Coverage under any tax supported or government program to the extent permitted by law.

#### ▪ Determination of Benefits

COB applies when an Employee has health care coverage under any other group health care plan (Plan) for services covered under this Program, or when the Employee has coverage under any tax-supported or governmental program unless such program's benefits are, to the extent permitted by law, excess to those of any private insurance coverage. When COB applies, payments may be coordinated between the Claims Administrator and the other Plan in order to avoid duplication of benefits.

Benefits under this Program will be provided in full when the Claims Administrator is primary, that is, when the Claims Administrator determines benefits first. If another Plan is primary, the Claims Administrator will provide benefits as described below.

When an Employee has group health care coverage under this Program and another Plan, the following will apply to determine which coverage is primary:

- If the other Plan does not include rules for coordinating benefits, such other Plan will be primary.
- If the other Plan includes rules for coordinating benefits:
  - The Plan covering the patient other than as a Dependent shall be primary.
  - The Plan covering the patient as a Dependent of the parent whose date of birth, excluding year of birth, occurs earlier in the calendar year shall be primary, unless the child's parents are separated or divorced and there is no joint custody agreement. If both parents have the same birthday, the Plan which covered the parent longer shall be primary.
  - Except as provided in the following paragraph, if the child's parents are separated or divorced and there is no joint custody agreement, benefits for the child are determined as follows:
    - ❖ First, the Plan covering the child as a Dependent of the parent with custody;
    - ❖ Then, the Plan of the spouse of the parent with custody of the child;
    - ❖ Finally, the Plan of the parent not having custody of the child.
  - When there is a court decree which establishes financial responsibility for the health care expenses of the Dependent child and the Plan covering the parent with such

financial responsibility has actual knowledge of the court decree, benefits of that Plan are determined first.

- If the specific terms of the court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Plans covering the child shall follow the order of benefit determination rules outlined above in the paragraph that begins "The Plan covering the patient as a Dependent...".
  - The Plan covering the patient as an Employee who is neither laid off nor retired (or as that Employee's Dependent) is primary to a Plan which covers that patient as a laid off or retired Employee (or as that Employee's Dependent). However, if the other Plan does not have the rule described immediately above and if, as a result, the Plans do not agree on the order of benefits, this rule does not apply.
  - If none of the above rules apply, the Plan which covered the Employee longer shall be primary.
- Effect on Benefits

When the Claims Administrator's Plan is secondary, the benefits under this Program will be reduced so that the Claims Administrator will pay no more than the difference, if any, between the benefits provided under the other Plan for services covered under this Program and the total Covered Services provided to the Employee. Benefits payable under another Plan include benefits that would have been payable had the claim been duly made therefore. In no event will the Claims Administrator payment exceed the amount that would have been payable under this Program if the Claims Administrator were primary.

When the benefits are reduced under the primary Plan because an Employee does not comply with the Plan provision, or does not maximize benefits available under the primary Plan, the amount of such reduction will not be considered an allowable benefit. Examples of such provisions are Penalties and increased Coinsurance related to Precertification of admissions and services, In-Network Provider arrangements and other cost-sharing features.

Certain facts are needed to apply COB. The Claims Administrator has the right to decide which facts are needed. The Claims Administrator may, without consent of or notice to any person, release to or obtain from any other organization or person any information, with respect to any person, which the Claims Administrator deems necessary for such purposes. Any person claiming benefits under this Program shall furnish to the Claims Administrator such information as may be necessary to implement this provision. The Claims Administrator, however, shall not be required to determine the existence of any other Plan or the amount of benefits payable under any such Plan, and the payment of benefits under this Program shall be affected by the benefits that would be payable under any and all other Plans only to the extent that the Claims Administrator is furnished with information relative to such other Plans.

- Right of Recovery

Whenever payments which should have been made under this Program in accordance with this provision have been made under any other Plan, the Claims Administrator shall have the right, exercisable alone and in its sole discretion, to pay over to any organization making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision. Amounts so paid shall be deemed to be benefits provided under this Program and, to the extent of such payments, the Claims Administrator shall be fully discharged from liability under this Program.

Whenever payments have been made by the Claims Administrator in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, irrespective of to whom paid, the Claims Administrator shall have the right to recover such payments to the extent of such excess from among one or more of the following, as the Claims Administrator shall determine:

- The person the Claims Administrator has paid or for whom they have paid;
- Insurance companies; or
- Any other organizations.

The Member, on the Member's own behalf and on behalf of the Member's Dependents, shall, upon request, execute and deliver such instruments and papers as may be required and do whatever else is reasonably necessary to secure such rights to the Claims Administrator.

## **SUBROGATION AND REIMBURSEMENT RIGHTS**

The Employee Retirement Income Security Act (ERISA) applies to many health benefit plans and, to comply with legal requirements that relate specifically to ERISA-governed plans, this Benefit Booklet describes "Subrogation and Reimbursement Rights" in two sections:

- Subrogation and Reimbursement Rights When The Program Is Governed By ERISA; and
- Subrogation and Reimbursement Rights When The Program Is Not Governed By ERISA.

However, the fact that these Rights are described in separate sections using different language does not mean or imply that the Rights are substantively different or that the Rights described in one section are greater or lesser than the Rights described in the other section. Under both sections, the Claims Administrator reserves right the pursue subrogation recoveries and the Member has an obligation to fully reimburse the Claims Administrator to the fullest extent permitted by law.

### **▪ Subrogation and Reimbursement Rights When The Program Is Governed By ERISA**

By accepting benefits for Covered Services, the Member agrees that the Claims Administrator has the right to enforce subrogation and reimbursement rights. This section explains these rights and the responsibilities of each Member pertaining to subrogation and reimbursement. The term Member includes Eligible Dependents. The term Responsible Third Party refers to any person or entity, including any insurance company, health benefits plan or other third party, that has an obligation (whether by contract, common law or otherwise) to pay damages, pay compensation, provide benefits or make any type of payment to the Member for an injury or illness.

The Claims Administrator or the Plan Administrator, as applicable, retains full discretionary authority to interpret and apply these subrogation and reimbursement rights based on the facts presented. The right of subrogation or reimbursement is not enforceable if prohibited by statute or regulation.

### **Subrogation Rights**

Subrogation rights arise when the Claims Administrator pays benefits on behalf of a Member and the Member has a right to receive damages, compensation, benefits or payments of any kind (whether by a court judgment, settlement or otherwise) from a Responsible Third Party. The Claims Administrator is subrogated to the Member's right to recover from the Responsible Third Party. This means that the Claims Administrator "stands in your shoes" - and assumes the Member's right to pursue and receive the damages, compensation,

benefits or payments from the Responsible Third Party to the full extent that the Claims Administrator has reimbursed the Member for medical expenses or paid medical expenses on the Member's behalf, plus the costs and fees that are incurred by the Claims Administrator to enforce these rights. The right to pursue a subrogation claim is not contingent upon whether or not the Member pursues the Responsible Third Party for any recovery.

### **Reimbursement Rights**

If a Member obtains any recovery - regardless of how it's described or structured - from a Responsible Third Party, the Member must fully reimburse the Claims Administrator for all medical expenses that were paid to the Member or on the Member's behalf, plus the costs and fees that are incurred by the Claims Administrator to enforce these rights. The Claims Administrator has a right to full reimbursement.

### **Lien**

By accepting benefits for Covered Services from the Claims Administrator, the Member agrees to a first priority equitable lien by agreement on any payment, reimbursement, settlement or judgment received by the Member, or anyone acting on the Member's behalf, from any Responsible Third Party. As a result, the Member must repay to the Claims Administrator the full amount of the medical expenses that were paid to the Member or on the Member's behalf out of the amounts recovered from the Responsible Third Party (plus the costs and fees that are incurred by the Claims Administrator to enforce these rights) first, before funds are allotted toward any other form of damages, whether or not there is an admission of fault or liability by the Responsible Third Party. The Claims Administrator has a lien on any amounts recovered by the Member from a Responsible Third Party, regardless of whether or not the amount is designated as payment for medical expenses. This lien will remain in effect until the Claims Administrator is reimbursed in full.

### **Constructive Trust**

If the Member (or anyone acting on the Member's behalf) receive damages, compensation, benefits or payments of any type from a Responsible Third Party (whether by a court judgment, settlement or otherwise), the Member agrees to maintain the funds in a separate, identifiable account and that the Claims Administrator has a lien on the monies. In addition the Member agrees to serve as the trustee over the monies for the benefit of Claims Administrator to the full extent that the Claims Administrator has reimbursed the Member for medical expenses or paid medical expenses on the member's behalf, plus the attorney's fees and the costs of collection incurred by the Claims Administrator.

- These subrogation and reimbursement rights apply regardless of whether money is received through a court decision, settlement, or any other type of resolution.
- These subrogation and reimbursement rights apply even if the recovery is designated or described as covering damages other than medical expenses (such as property damage or pain and suffering).
- These subrogation and reimbursement rights apply with respect to any recoveries made by the Member, including amounts recovered under an uninsured or underinsured motorist policy.
- The Claims Administrator is entitled to recover the full amount of the benefits paid to the Member or on the Member's behalf plus the costs and fees that are incurred by the Claims Administrator to enforce these rights without regard to whether the Member has been made whole or received full compensation for other damages (including property damage or pain and suffering). The recovery rights of the Claims Administrator will not be reduced by the "made whole" doctrine or "double recovery" doctrine.

- The Claims Administrator will not pay, offset any recovery, or in any way be responsible for attorneys' fees or costs associated with pursuing a claim against a Responsible Third Party unless the Claims Administrator agrees to do so in writing. The recovery rights of the Claims Administrator will not be reduced by the "common fund" doctrine.
- In addition to any Coordination of Benefits rules described in this Benefit Booklet, the benefits paid by the Claims Administrator will be secondary to any no-fault auto insurance benefits and to any worker's compensation benefits (no matter how any settlement or award is characterized) to the fullest extent permitted by law.
- These subrogation and reimbursement rights apply and will not be decreased, restricted, or eliminated in any way if the Member receives or has the right to recover no-fault insurance benefits.
- All rights under this section are enforceable against the heirs, estate, legal guardians or legal representatives of the Member.
- The Claims Administrator is entitled to recover the full amount of the medical benefits paid without regard to any claim of fault on the Member's part.

### **Obligations of Member**

- Immediately notify the Claims Administrator or its designee in writing if the Member asserts a claim against a Responsible Third Party, whether informally or through judicial or administrative proceedings.
- Immediately notify the Claims Administrator or its designee in writing whenever a Responsible Third Party contacts the Member or the Member's representative - or the Member or the Member's representative contact a Responsible Third Party - to discuss a potential settlement or resolution.
- Refuse any offer to settle, adjust or resolve a claim for damages, benefits or compensation that involves an injury, illness or medical expenses in any way, unless and until the Member receives written authorization from the Claims Administrator or its delegated representative.
- Fully cooperate with the Claims Administrator and its designated representative, as needed, to allow for the enforcement of these subrogation and reimbursement rights and promptly supply information/documentation when requested and promptly execute any and all forms/documents that may be needed.
- Avoid taking any action that may prejudice or harm the Claims Administrator's ability to enforce these subrogation and reimbursement rights to the fullest extent possible.
- Fully reimburse the Claims Administrator or its designated representative immediately upon receiving compensation of any kind (whether by court judgment, settlement or otherwise) from a Responsible Third Party.
- Serve as trustee for any and all monies paid to (or payable to) the Member or for the Member's benefit by any Responsible Third Party to the full extent the Claims Administrator paid benefits for an injury or illness.
- All of these Obligations apply to the heirs, estate, legal guardians or legal representatives of the Member.

### **▪ Subrogation and Reimbursement Rights When The Program Is Not Governed By ERISA**

By accepting benefits for Covered Services, the Member agrees that the Claims Administrator has the right to enforce subrogation and reimbursement rights to the extent permitted by law. This section explains these rights and the responsibilities of each Member pertaining to subrogation and reimbursement. The term Member includes Eligible Dependents. The term Responsible Third Party refers to any person or entity, including any insurance company, health benefits plan or other third party, that has an obligation (whether

by contract, common law or otherwise) to pay damages, pay compensation, provide benefits or make any type of payment to the Member for an injury or illness.

The Claims Administrator or the Plan Administrator, as applicable, retains full discretionary authority to interpret and apply these subrogation and reimbursement rights based on the facts presented. The right of subrogation or reimbursement is not enforceable if prohibited by statute or regulation.

### **Subrogation Rights**

Subrogation rights arise when the Claims Administrator pays benefits on behalf of a Member and the Member has a right to receive damages, compensation, benefits or payments of any kind (whether by a court judgment, settlement or otherwise) from a Responsible Third Party. The Claims Administrator is subrogated to the Member's right to recover from the Responsible Third Party. This means that the Claims Administrator "stands in your shoes" - and assumes the Member's right to pursue and receive the damages, compensation, benefits or payments from the Responsible Third Party to the full extent that the Claims Administrator has reimbursed the Member for medical expenses or paid medical expenses on the Member's behalf, plus the costs and fees that are incurred by the Claims Administrator to enforce these rights. The right to pursue a subrogation claim is not contingent upon whether or not the Member pursues the Responsible Third Party for any recovery.

### **Reimbursement Rights**

If a Member obtains any recovery - regardless of how it's described or structured - from a Responsible Third Party, the Member must fully reimburse the Claims Administrator for all medical expenses that were paid to the Member or on the Member's behalf, to the extent permitted by law.

- These subrogation and reimbursement rights apply regardless of whether money is received through a court decision, settlement, or any other type of resolution.
- These subrogation and reimbursement rights apply even if the recovery is designated or described as covering damages other than medical expenses (such as property damage or pain and suffering).
- These subrogation and reimbursement rights apply with respect to any recoveries made by the Member, including amounts recovered under an uninsured or underinsured motorist policy.
- The Claims Administrator will not pay, offset any recovery, or in any way be responsible for attorneys' fees or costs associated with pursuing a claim against a Responsible Third Party unless the Claims Administrator agrees to do so in writing.
- In addition to any Coordination of Benefits rules described in this Benefit Booklet, the benefits paid by the Claims Administrator will be secondary to any no-fault auto insurance benefits and to any worker's compensation benefits (no matter how any settlement or award is characterized) to the fullest extent permitted by law.
- These subrogation and reimbursement rights apply and will not be decreased, restricted, or eliminated in any way if the Member receives or has the right to recover no-fault insurance benefits.
- All rights under this section are enforceable against the heirs, estate, legal guardians or legal representatives of the Member.
- The Claims Administrator is entitled to recover the full amount of the medical benefits paid without regard to any claim of fault on the Member's part.

### **Obligations of Member**

- Immediately notify the Claims Administrator or its designee in writing if the Member asserts a claim against a Responsible Third Party, whether informally or through judicial or administrative proceedings.
- Immediately notify the Claims Administrator or its designee in writing whenever a Responsible Third Party contacts the Member or the Member's representative - or the Member or the Member's representative contact a Responsible Third Party - to discuss a potential settlement or resolution.
- Refuse any offer to settle, adjust or resolve a claim for damages, benefits or compensation that involves an injury, illness or medical expenses in any way, unless and until the Member receives written authorization from the Claims Administrator or its delegated representative.
- Fully cooperate with the Claims Administrator and its designated representative, as needed, to allow for the enforcement of these subrogation and reimbursement rights and promptly supply information/documentation when requested and promptly execute any and all forms/documents that may be needed.
- Avoid taking any action that may prejudice or harm the Claims Administrator's ability to enforce these subrogation and reimbursement rights to the fullest extent possible.
- Fully reimburse the Claims Administrator or its designated representative immediately upon receiving compensation of any kind (whether by court judgment, settlement or otherwise) from a Responsible Third Party.
- All of these Obligations apply to the heirs, estate, legal guardians or legal representatives of the Member.

### **IMPORTANT: Failure to Cooperate**

If the Member fails or refuses to sign forms or documents as requested or otherwise fail or refuse to cooperate or abide by any of the obligations described above, the Claims Administrator or Plan Administrator, as applicable, has full discretion and authority to reduce or withhold benefit payments to recover subrogation/reimbursement amounts that are owed and/or to terminate the Member's participation in the Program.

### **CLAIM PROCEDURES**

#### **How To File A Claim**

The Member is never required to file a claim when Covered Services are provided by In-Network Providers. When the Member receives care from an Out-of-Network Provider, the Member will need to file a claim to receive benefits. If the Member does not have a claim form, the Member should call the Claims Administrator's Member Services Department at the number listed on the Member's Identification Card, and a claim form will be sent to the Member. The Member should fill out the claim form and return it with their itemized bills to the Claims Administrator at the address listed on the claim form no later than 20 days after completion of the Covered Services. The claim should include the date and information required by the Claims Administrator to determine benefits. An expense will be considered Incurred on the date the service or supply was rendered.

If it was not possible to file the claim within the 20-day period, the Member's benefits will not be reduced, but in no event will the Claims Administrator be required to accept the claim more than 12 months after the end of the Benefit Period in which the Covered Services are rendered.

#### **Release Of Information**

Each Member agrees that any person or entity having information relating to an illness or injury for which benefits are claimed under this Program may furnish to the Claims Administrator, upon

its request, any information (including copies of records relating to the illness or injury). In addition, the Claims Administrator may furnish similar information to other entities providing similar benefits at their request.

The Claims Administrator may furnish other plans or plan sponsored entities with membership and/or coverage information for the purpose of claims processing or facilitating patient care.

When the Claims Administrator needs to obtain consent for the release of personal health information, authorization of care and treatment, or to have access to information from a Member who is unable to provide it, the Claims Administrator will obtain consent from the parent, legal guardian, next of kin, or other individual with appropriate legal authority to make decisions on behalf of the Member.

### **Limitation Of Actions**

No legal action may be taken to recover benefits prior to 60 days after notice of claim has been given as specified above, and no such action may be taken later than three years after the date Covered Services are rendered.

### **Claim Forms**

The Claims Administrator will furnish to the Member or to the Group, for delivery to the Member, such claim forms as are required for filing proof of loss for Covered Services provided by Out-of-Network Providers.

### **Timely Filing**

The Claims Administrator will not be liable under this Program unless proper notice is furnished to the Claims Administrator that Covered Services have been rendered to a Member. Written notice must be given within 90 days after completion of the Covered Services. The notice must include the date and information required by the Claims Administrator to determine benefits. An expense will be considered Incurred on the date the service or supply was rendered.

Failure to give notice to the Claims Administrator within the time specified will not reduce any benefit if it is shown that the notice was given as soon as reasonably possible, but in no event will the Claims Administrator be required to accept notice more than 12 months after the end of the Benefit Period in which the Covered Services are rendered.

The above is not applicable to claims administered by In-Network Providers.

### **Time of Payment of Claims**

Claim payments for benefits payable under this Program will be processed immediately upon receipt of due written proof of loss. Subject to due written proof of loss, all benefits for loss for which this Program provides periodic benefits will be paid not more than 30 days after receipt of proof of loss and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

### **Payment of Claims**

If any indemnity of this Program shall be payable to the estate of the Member, or to a Member or beneficiary who is a minor or otherwise not competent to give a valid release, the Claims Administrator may pay such indemnity, up to an amount not exceeding \$1,000, to any relative by blood or connection by marriage of the Member or beneficiary who is deemed by the Claims Administrator to be equitably entitled thereto. Any payment made by the Claims Administrator in good faith pursuant to this provision shall fully discharge the Claims Administrator to the extent of such payment.

### **Physical Examinations and Autopsy**

The Claims Administrator at its own expense shall have the right and opportunity to examine the Member when and so often as it may reasonably require during the pendency of claim under this Program; and the Claims Administrator shall also have the right and opportunity to make an autopsy in case of death, where it is not prohibited by law.

### **Special Circumstances**

In the event that Special Circumstances result in a severe impact to the availability of providers and services, to the procedures required for obtaining benefits for Covered Services under this Program (For example, obtaining Precertification, use of In-Network Providers), or to the administration of this Program by the Claims Administrator, the Claims Administrator may on a selective basis, waive certain procedural requirements or cost-sharing of this Program. Such waiver shall be specific as to the requirements that are waived and shall last for such period as required by the Special Circumstances as defined below.

The Claims Administrator shall make a good faith effort to provide access to Covered Services in so far as practical and according to its best judgment. Neither the Claims Administrator nor the Providers in the Claims Administrator's PPO network shall incur liability or obligation for delay or failure to provide or arrange for Covered Services if such failure or delay is caused by Special Circumstances.

Special Circumstances as recognized in the community, and by the Claims Administrator and appropriate regulatory authority, are extraordinary circumstances not within the control of the Claims Administrator, including but not limited to:

- Major disaster;
- Epidemic;
- Pandemic;
- The complete or partial destruction of facilities;
- Riot;
- Civil insurrection; or
- Public health emergency.

## **COMPLAINT AND APPEAL PROCESS**

### **Informal Member Complaint Process**

The Claims Administrator has a process for Members to express informal Complaints. To register a Complaint (as opposed to an Appeal as discussed below), Members should call the Member Services Department at the telephone number on the back of their Identification Card or write to the Claims Administrator at the following address:

General Correspondence  
1901 Market Street  
Philadelphia, PA 19103

Most Member concerns are resolved informally at this level. However, if the Claims Administrator is unable to immediately resolve the Member Complaint, it will be investigated, and the Member will receive a response in writing within 30 days.

### **Member Appeal Process**

#### Filing an Appeal

The Claims Administrator maintains procedures for the resolution of Member Appeals. Internal Appeals may be filed within 180 calendar days of the Member's or designee's receipt of an adverse benefit determination from the Claims Administrator. The Member may designate either

the Provider or another authorized representative to represent the Member on the Appeal. After obtaining the Member's authorization, either the Provider or another authorized representative requests a change of a previous decision made by the Claims Administrator by following the procedures described here. (In order to authorize someone else to be the Member's representative for the Appeal, the Member must complete a valid authorization form. The Member should contact the Claims Administrator as directed below to obtain a "Member/Enrollee Authorization to Appeal by Provider or Other Representative" form or for questions regarding the requirements for an authorized representative.)

The Member or other authorized person on behalf of the Member, may request an Appeal by calling or writing to the Claims Administrator, as defined in the letter notifying the Member of the decision or as follows:

Member Appeals Department  
P.O. Box 41820  
Philadelphia, PA, 19101-1820

Toll Free Fax: 1-888-671-5274 or

The Member or designee is entitled to a full and fair review. Specifically, at all Appeal levels the Member or designee may submit additional information pertaining to the case, to the Claims Administrator. The Member or designee may specify the remedy or corrective action being sought. At the Member's request, the Claims Administrator will provide access to and copies of all relevant documents, records, and other information that are not confidential, proprietary, or privileged. The Claims Administrator will automatically provide the Member or designee with any new or additional evidence considered, relied upon, or generated by the Claims Administrator in connection with the Appeal, which is used to formulate the rationale. Such evidence is provided as soon as possible and in advance of the date the adverse notification is issued. This information is provided to the Member or designee at no charge.

The Claims Administrator will not terminate or reduce an ongoing course of treatment without providing the Member or designee with advance notice and the opportunity for advanced review.

Individuals with urgent care conditions or who are receiving an on-going course of treatment may proceed with an expedited external review at the same time as the internal expedited Appeals process.

If the Appeal is upheld, the letter states the reason(s) for the decision. If a benefit provision, internal, rule, guideline, protocol, or other similar criterion is used in making the determination, the Member may request copies of this information at no charge. If the decision is to uphold the denial, there is an explanation of the scientific or clinical judgment for the determination. The letter also indicates the qualifications of the individual who decided the Appeal and their understanding of the nature of the Appeal. The Member or designee may request in writing, at no charge, the name of the individual who participated in the decision to uphold the denial.

#### Types of Appeals

Following are the two types of Appeals and the issues they address:

- **Internal Standard (non-urgent) Medical Necessity Appeals** - An Appeal by or on behalf of a Member that focuses on issues of Medical Necessity and requests the Claims Administrator to change its decision to deny or limit the provision of a Covered Service. Medical Necessity Appeals include Appeals of adverse benefit determinations based on medical judgement and the exclusions for Experimental/Investigative or cosmetic services. A Claim Administrator's Medical Director (MDR) is the decision maker for Medical Necessity

Appeals. This individual holds an active unrestricted license to practice medicine. Either the Claim Administrator's MDR or an independent consultant function as the same/similar specialist. The same/similar specialist is in the same/similar specialty as the individual who is managing the Member's care, The independent consultant is a licensed Physician, Psychologist, or other health care professional, who has no previous involvement with the case and is not a subordinate of anyone previously involved in the case.

For each of the two levels of Medical Necessity Appeal, a different MDR is the decider of the Appeal. For both levels of Appeal, the MDR has no previous involvement with the case and is not a subordinate of anyone previously involved.

The same/similar specialist review is typically part of the first level Appeal. However, if additional information is submitted prior to the second level of Appeal, an MDR or independent consultant who has no previous involvement with the case and is not the subordinate of anyone who was previously involved in the case, conducts a second same/similar specialist review.

- **Administrative Appeal** - A dispute or objection by a Member regarding the following: operations or management policies of a health care plan, non-covered services, coverage limitations, participating or non-participating provider status, cost sharing requirements, certain surprise medical bills received by a Member from an out-of-network Provider, and rescissions of coverage (except for failure to pay premiums or coverage contributions), that has not been resolved by the Claims Administrator. An employee of the Claims Administrator is the decision maker for the level 1 Administrative Appeal. This individual has had no previous involvement with the case and is not a subordinate of anyone involved with a previous adverse determination. A different employee of the Claims Administrator decides the level 2 Appeal. This individual has no prior involvement in the case and is not the subordinate of anyone previously involved.

#### Internal Standard Appeals

Pre-service Appeal - An Appeal for benefits that, under the terms of this Group Program Document, must be pre-certified or pre-approved (either in whole or in part) before medical care is obtained for coverage to be available. For a standard Pre-Service Appeal, a maximum of 15 calendar days is available for each of the two levels of internal Appeal.

Post-service Appeal - An Appeal for benefits that is not a Pre-service Appeal. (Post-service Appeals concerning claims for services that the Member has already obtained do not qualify for review as Expedited/Urgent Appeals.) For a standard Post-Service Appeal, a maximum of 30 calendar days is available for each of the two levels of internal Appeal.

For prescription non-formulary exception requests, the decision is made, and notification is sent to the Member/designee within 72 hours for each level of Appeal.

The decision of the Claims Administrator is sent to the Member or designee in writing within the timeframe noted above.

#### Internal Urgent/Expedited Appeals Review:

An urgent expedited Appeal is any Appeal for medical care or treatment with respect to which the application of the time periods for making non-urgent determinations could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, or in the opinion of a Physician with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the care or treatment that is the subject of the Appeal.

The Appeals review process for an urgent/expedited Appeal mirrors the process described above under the section entitled "Types of Appeal".

The expedited review is completed promptly based on the Member's health condition, but no later than 72 hours after receipt of the expedited Appeal request by the Claims Administrator. Within 72 hours after receipt of the expedited Appeal, the Claims Administrator notifies the Member or designee by telephone of the determination. The determination is sent in writing within 72 hours after the Member or designee has received the verbal notification.

For prescription non-formulary exception requests, the Claims Administrator notifies the Member or designee of the determination in writing within 24 hours after the receipt of the request from the Member or designee.

The Member or designee may also file an expedited external Medical Necessity Appeal at the same time as filing an internal expedited Medical Necessity Appeal.

If not satisfied with the standard or expedited decision from the Claims Administrator, the Member or designee has the right to initiate an external Appeal as described below.

### **External Review Process via an Independent Review Organization (IRO)**

#### **Types of Services Eligible for An External Review**

Under the Federal Independent Review Organization (IRO) process, Members or their designee may request an External Review that is based on any of the following:

- Medical Necessity and medical judgement Appeals, including when a health care Provider requests an authorization for additional treatment that was not approved by the Plan.
- Appropriateness of service.
- Health care setting.
- Effectiveness of a covered benefit.
- Level of care.

When a Member seeks coverage for specialized care from an out-of-network health care Provider because they believe that an in-network health care Provider cannot effectively do the procedure or manage their care.

Disputes regarding the Program's compliance with the surprise billing and cost-sharing protections under Sections 2799a-1 and 2799a-2 of the Public Health Services Act and regulations promulgated thereunder, including:

- Any determination of whether an Appeal is for emergency services or for consideration of compliance with the cost sharing and surprise billing protections.
- Clarification as to whether a claim for items and/or services from non-participating health care Providers at an in-network facility are subject to the No Surprise Act protections.
- Clarification as to whether an individual was in a condition to receive a notice about the No Surprise Act protections and have given informed consent to waive those protections.

Determine whether a claim for services and items is coded correctly and consistent with the treatment the individual received.

Determine whether cost-sharing was appropriately calculated for claims for ancillary services provided by an out-of-network health care Provider at an in-network facility.

Rescissions of coverage, except for non-payment of premiums or coverage contributions

Standard External Review Process - The Claims Administrator follows the Federal Independent Review Organization (IRO) Process. The Member or designee may request an External Review via an IRO by calling or writing to the Claims Administrator within four months of receipt of the internal Appeal decision letter. The Member or designee is not required to pay any of the costs associated with the External Review.

The Member or designee may only request an External Review after exhausting the Claims Administrator's internal Appeal process. The Member or designee shall be deemed to have exhausted the internal Appeal process if the Claims Administrator has failed to comply with the requirements of the internal claims, utilization review and or Appeals process, unless the failure or failures are based on de minimis (minor) violations that do not cause and are not likely to cause prejudice or harm to the Member or designee.

#### Preliminary Review

Within five business days of the Claims Administrator's receipt of an External Appeal request from the Member or designee, the Claims Administrator conducts a preliminary review of the request to determine the following:

- The Member is or was covered at the time the health care service or item was requested (in the case where services or items require pre-authorization) or provided in the case of retrospective reviews.
- The adverse benefit determination or final adverse benefit determination does not relate to the Member's failure to meet the eligibility requirements under the terms of the Program.
- The Member has exhausted the Program's internal Appeal process.
- The Member has provided all the information and forms required to process an external Appeal.

Within one business day after completion of the preliminary review, the Claims Administrator sends written notification to the Member or designee. If the request is complete but not eligible for an external review, the notice must include the reasons for the lack of ineligibility. If additional information or material is needed for the Claims Administrator to process the external Appeal request, the notification identifies that information. The Member or designee has 48 hours from their receipt of the notification to submit the required information to the Claims Administrator.

If the request is eligible, the Claims Administrator assigns the external review to an IRO which is accredited by a nationally recognized accrediting organization such as NCQA (National Committee for Quality Assurance). The IRO referral process provides for the following:

- The Claims Administrator ensures that the IRO process is not biased.
- The Claims Administrator contracts with four separate IROs and rotates assignments among them.
- As required by Federal law, the IRO is not eligible for financial incentives based on the likelihood they will support the denial.
- The IRO has no direct or indirect professional, familial, or financial conflicts of interest with the Claims Administrator, with the Member, or the designee. The Claims Administrator's arrangements for assignment of an IRO and payment for the services of an IRO do not constitute a conflict of interest.
- The consultant assigned by the IRO to review the Appeal request, has no prior involvement with the case and is not a subordinate of anyone previously involved.
- The assigned consultant is in the same/similar specialty as the individual managing the Member's care.

Within five business days of the IRO assignment, the Claims Administrator sends the IRO all the SF.FLEX.PC.BK.LG.HCR  
Rev. 1.25

Group Number: 3002529 5007741

information and documents considered in making the adverse determination electronically via the applicable IRO portal.

For a standard external review, the IRO makes the decision and sends notification to the Member or designee within 45 calendar days of their receipt of the request. For prescription non-formulary exception requests, the IRO sends notification to the Member or designee within 72 hours of their receipt of the request.

#### Expedited External Review Process

The Member or designee may request an External Review for urgent/expedited situations through an IRO. Additionally, the Member or the designee may request a concurrent internal and external expedited external review. The Member or designee is not required to pay any of the costs.

Preliminary Review - Immediately upon request for an external expedited Appeal, the Claims Administrator determines the eligibility and reviewability of the request as follows.

- The Member is or was covered at the time the health care service or item was requested (in the case where services or items require pre-authorization) or provided in the case of retrospective reviews.
- The adverse benefit determination or final adverse benefit determination does not relate to the Member's failure to meet eligibility requirements under the terms of the Program.
- The Member has provided all the information and forms required to process an expedited external Appeal.

Upon determination that an expedited external review request is eligible for an external review, the Claims Administrator assigns an IRO and electronically sends all information and documents considered in the adverse benefit determination to the IRO via the applicable portal.

The IRO reviews the case file, makes a decision, and sends notification to the Member or designee within 72 hours of their receipt of the external Appeal request. For prescription non-formulary exception requests, the IRO reviews the case file, makes the decision, and notifies the Member or designee within 24 hours of their receipt of the request.

All IRO overturn decisions (both standard and expedited) are binding on the Claims Administrator and Plan Administrator. If the decision of the IRO is that the services are eligible, the Claims Administrator authorizes the service and/or pays the claims. The Member is notified in writing of the time and procedure for claim payment and/or approval of the service in the event of an overturn of the Internal Appeal. The Claims Administrator implements the IRO's decision within the time, if any, specified by the IRO.

## IMPORTANT NOTICES

### Regarding Experimental/Investigative Treatment:

The Claims Administrator does not cover treatment it determines to be Experimental/Investigative in nature because that treatment is not accepted by the general medical community for the condition being treated or not approved as required by federal or governmental agencies. However, the Claims Administrator acknowledges that situations exist when a Member and their Physician agree to utilize Experimental/Investigative treatment. If a Member receives Experimental/Investigative treatment, the Member shall be responsible for the cost of the treatment. A Member or their Physician should contact the Claims Administrator to determine whether a treatment is considered Experimental/Investigative. The term "Experimental/Investigative" is defined in the **Important Definitions** section.

### Regarding Treatment Which Is Not Medically Necessary:

The Claims Administrator only covers treatment which it determines Medically Necessary. An In-Network Provider accepts the Claims Administrator's decision and contractually is not permitted to bill the Member for treatment which the Claims Administrator determines is not Medically Necessary unless the In-Network Provider specifically advises the Member in writing, and the Member agrees in writing that such services are not covered by the Claims Administrator, and that the Member will be financially responsible for such services. An Out-of-Network Provider, however, is not obligated to accept the Claims Administrator's determination and the Member may not be reimbursed for treatment which the Claims Administrator determines is not Medically Necessary. The Member is responsible for these charges when treatment is received by an Out-of-Network Provider. The Member can avoid these charges simply by choosing an In-Network Provider for the Member's care. The term "Medically Necessary" is defined in the **Important Definitions** section.

### Regarding Treatment for Cosmetic Purposes:

The Claims Administrator does not cover treatment which it determines is for cosmetic purposes because it is not necessitated as part of the Medically Necessary treatment of an illness, injury or congenital birth defect. However, the Claims Administrator acknowledges that situations exist when a Member and their Physician decide to pursue a course of treatment for cosmetic purposes. In such cases, the Member is responsible for the cost of the treatment. A Member or their Physician should contact the Claims Administrator to determine whether treatment is for cosmetic purposes. The exclusion for services and operations for cosmetic purposes is detailed in the **Exclusions - What Is Not Covered** section.

### Regarding Coverage for Emerging Technology:

While the Claims Administrator does not cover treatment it determines to be Experimental/Investigative, it routinely performs technology assessments in order to determine when new treatment modalities are safe and effective. A technology assessment is the review and evaluation of available clinical and scientific information from expert sources. These sources include but are not limited to articles published by governmental agencies, national peer review journals, national experts, clinical trials, and manufacturer's literature. The Claims Administrator uses the technology assessment process to assure that new drugs, procedures or devices ("emerging technology") are safe and effective before approving them as Covered Services. When new technology becomes available or at the request of a practitioner or Member, the Claims Administrator researches all scientific information available from these

expert sources. Following this analysis, the Claims Administrator makes a decision about when a new drug, procedure or device has been proven to be safe and effective and uses this information to determine when an item becomes a Covered Service for the condition being treated or not approved as required by federal or governmental agencies. A Member or their Provider should contact the Claims Administrator to determine whether a proposed treatment is considered "emerging technology" and whether the Provider is considered an eligible Provider to perform the "emerging technology" Covered Service. The Claims Administrator maintains the discretion to limit eligible Providers for certain "emerging technology" Covered Services.

### **Regarding Use of Out-of-Network Providers**

While Personal Choice has an extensive network, it may not contain every provider that the Member elects to see. To receive the Maximum benefits available under this Program, the Member must obtain Covered Services from In-Network Providers that participate in the Personal Choice Network or is a BlueCard Provider.

In addition, the Members Personal Choice program allows the Member to obtain Covered Services from Out-of-Network Providers. If the Member uses an Out-of-Network Provider the Member will be reimbursed for Covered Services but will incur significantly higher out-of-pocket expenses including Deductibles, Coinsurance. In certain instances, the Out-of-Network Provider also may charge the Member for the balance of the Provider's bill. This is true regardless of the reason the Member uses an Out-of-Network Provider including, but not limited to, by choice, for level of expertise, for convenience, for location, because of the nature of the services, based on the recommendation of a Provider or network sufficiency. However, if Emergency Care is provided by certain Out-of-Network Providers (For example, ambulance services), in accordance with applicable law, the Claims Administrator will reimburse the Out-of-Network Provider at an In-Network rate directly. In this instance the specified Out-of-Network Provider will not bill the Member for amounts in excess of the Claims Administrator's payment for the Emergency Care. For payment of Covered Services provided by an Out-of-Network Provider, please refer to the definition of "Covered Expense".

For Covered Services received from an Out-of-Network Provider, payment will be made directly to the Member and the Member will be responsible for reimbursing the Out-of-Network Provider. However, the Claims Administrator reserves the right, in its sole discretion, to make payments directly to the Out-of-Network Provider.

For specific terms regarding Out-of-Network Providers, please refer to the following sections: **Important Definitions**; including but not limited to the definition of "Covered Expense" and "Out-of-Network Provider", Payment of Providers and Payment Methods.

### **Regarding Non-Discrimination Rights**

The Member has the right to receive health care services without discrimination:

- Based on race, ethnicity, age, mental or physical disability, genetic information, color, religion, gender, national origin, source of payment, sexual orientation, or sex, including stereotypes and gender identity, pre-existing conditions, health status, and marital status;
- For Medically Necessary health services made available on the same terms for all individuals, regardless of sex assigned at birth, gender identity, or recorded gender;
- Based on an individual's sex assigned at birth, gender identity, or recorded gender, if it is different from the one to which such health service is ordinarily available;
- Related to gender transition if such denial or limitation results in discriminating against a transgender individual.

## **Discretionary Authority**

The Claims Administrator or Plan Administrator, as applicable, retains discretionary authority to interpret the benefit plan and the facts presented to make benefit determinations. Benefits under this Program will be provided only if the Claims Administrator or Plan Administrator, as applicable, determines in its discretion that the Member is entitled to them.

**REMEMBER: Whenever a Provider suggests a new treatment option that may fall under the category of "Experimental/Investigative", "cosmetic", or "emerging technology", the Member, or their Provider, should contact the Claims Administrator for a coverage determination. That way the Member and the Provider will know in advance if the treatment will be covered by the Claims Administrator.**

**In the event the treatment is not covered by the Claims Administrator, the Member can make an informed decision about whether to pursue alternative treatment options or be financially responsible for the non-covered service.**

**For more information on when to contact the Claims Administrator for coverage determinations, please see the Precertification and Prenotification requirements in the *General Information* section.**

To obtain a list of "Rights and Responsibilities", please log on to <https://www.ibx.com/quality-management#member> or the Member should call the Customer Service telephone number that is listed on their Identification Card to receive a printed copy.

## SECTION 2 - VISION CARE BENEFITS

### COVERED SERVICES

Subject to the Exclusions, conditions, and Limitations set forth in this Benefit Booklet, a Member is entitled to benefits of this benefit section for Covered Services rendered by a Professional Provider or Supplier, unless otherwise indicated, in the amounts specified in the section entitled ***Schedule of Benefits***.

This program allows the Member to maximize the Member's Vision Care benefits by utilizing Participating Providers. When the Member goes to a Participating Provider for an eye examination, the Member is assured of little or no out-of-pocket cost. When the Member purchases vision care hardware, such as frames and spectacle lenses or contact lenses, from a Participating Provider/Supplier, the Member may have no out-of-pocket costs, depending on the Member's choice of hardware. The program requires a Copayment amount for the purchase of some specialty hardware supplies, as shown in the ***Schedule of Benefits***. However, using Participating Providers will lower the Member's out-of-pocket costs and allow the Member to purchase most vision care hardware at fixed, reduced prices. The Member will receive a listing of the Professional Providers that participate in the Vision Care Program administered by QCC Insurance Company.

A Member who receives Vision Care services from a Participating Provider can elect to utilize a Non-Participating Provider for related Vision Care services on the recommendation or referral of the Participating Provider, provided that the Participating Provider gives to the Member, prior to recommending, referring, prescribing or ordering any Vision Care services from the Non-Participating Provider, written notice that:

- The Non-Participating Provider is not a Participating Provider.
- The Member has the option of selecting a Participating Provider.
- The Member may have different financial obligations depending on whether the Vision Care Provider is Participating or Non-Participating.

Vision Care services received from a Non-Participating Provider are not covered under this Claims Administrator.

The Program also provides benefits if the Member chooses to use Non-Participating Providers and Suppliers. Benefits are payable up to the Benefit Period Maximum amounts shown in the ***Schedule of Benefits*** for eye examinations and vision care hardware provided by Non-Participating Providers.

The Benefit Period Maximum amount shown in the **Schedule of Benefits** is applicable to either all Participating Covered Services or all Non-Participating Covered Services per Benefit Period.

## SECTION 4 - WHO IS COVERED

### Eligible Person

- Eligible Person is defined as a Member who is determined by the Group as eligible to apply for coverage and sign the Application; and
- Eligible Dependents as specified to the Claims Administrator by the Group as eligible for coverage.

### Eligible Dependent

Eligible Dependent is defined as:

- The Member's spouse under a legally valid existing marriage between persons of the opposite sex.
- The unmarried children, including newborn children, step-children, children legally placed for adoption, and legally adopted children of the Member or the Member's spouse, or children for whom the Member is a legal guardian or newborns of dependent children covered under the Group Program Document. The limiting age for covered, unmarried children is to the first of the month following the month in which they reach age 26; or if a student is enrolled full-time in an Accredited Educational Institution, the limiting age is the first of the month following the month in which they reach age 26.

In addition, a full-time student will be considered eligible for coverage when they are on a Medically Necessary leave of absence from the Accredited Educational Institution. The Claims Administrator must receive certification from the full-time student's physician that the full-time student is suffering from a serious illness or injury that requires a Medically Necessary leave of absence from the Accredited Educational Institution or requires the full-time student to become a part-time student. The Dependent child will be eligible for coverage until the earlier of one year from the first day of the leave of absence or the date on which the coverage otherwise would terminate. The limiting age referenced above will be applicable regardless of the status of the Medically Necessary leave of absence.

- A full-time student who is eligible for coverage under the coverage who is:
  - A member of the Pennsylvania National Guard or any reserve component of the U.S. armed forces and who is called or ordered to active duty, other than active duty for training for a period of 30 or more consecutive days; or
  - A member of the Pennsylvania National Guard who is ordered to active state duty, including duty under Pa. C.S. Ch.76 (relates to Emergency Management Assistance Compact), for a period of 30 or more consecutive days.

Eligibility for these Dependents will be extended for a period equal to the duration of the Dependent's service on duty or active state duty or until the individual is no longer a full-time student regardless of the age of the Dependent when the educational program at the Accredited Educational Institution was interrupted due to military duty.

As proof of eligibility, the Employee must submit a form to the Claims Administrator approved by the Department of Military & Veterans Affairs (DMVA):

- Notifying the Claims Administrator that the Dependent has been placed on active duty;
  - Notifying the Claims Administrator that the Dependent is no longer on active duty;
  - Showing that the Dependent has re-enrolled as a full-time student in an Accredited Educational Institution for the first term or semester starting 60 or more days after the Dependent's release from active duty.
- Eligibility will be continued past the limiting age for unmarried children, regardless of age,

who are incapable of self-support because of mental retardation or physical handicap, mental illness or developmental disability and who are dependent for support upon a Member covered under the Group Program Document. The Claims Administrator may require proof of such Member's eligibility from time to time.

- The newborn child(ren) of a Member from the moment of birth to a maximum of 31 days immediately following birth. The coverage of newborn children within such 31 day period shall include care which is necessary for the treatment of medically diagnosed congenital defects, birth abnormalities and prematurity and services of a doctor rendered as part of nursery care, but not nursery charges. To continue coverage beyond the 31 day period, application for coverage must be made within 31 days of the child's birth and the appropriate premium paid.
- A Domestic Partner, including the child of a Domestic Partner, shall be considered for eligibility under the Program as if they were the child of the Applicant, as long as the domestic partnership exists.

**Effective Date**

The date the Group agrees that all Eligible Persons may apply and become covered. If a person becomes an Eligible Person after the Group's Effective Date, that date becomes the Effective Date.

## SECTION 5 - GENERAL INFORMATION

### **Benefits To Which Members Are Entitled**

- The liability of the Claims Administrator is limited to the benefits specified in the Group Program Document.
- No person other than a Member is entitled to receive benefits under this Program.
- Benefits for Covered Services will be provided only for services and supplies that are rendered by a Professional Provider specified in the ***Important Definitions*** section of this Benefit Booklet.

### **Termination Of Coverage At Termination Of Employment Or Membership In The Group**

When a Member ceases to be an Eligible Employee or Eligible Dependent, or the required contribution is not paid, the Member's coverage will terminate at the end of the last month for which payment was made. However, if benefits under this Program are provided by and/or approved by the Claims Administrator before the Claims Administrator receives notice of the Member's termination under this Program, the cost of such benefits will be the sole responsibility of the Member. In that circumstance, the Claims Administrator will consider the effective date of termination of a Member under this Program to be not more than 30 days before the first day of the month in which the Group notified the Claims Administrator of such termination.

### **Continuation Of Coverage At Termination Of Employment Or Membership Due To Total Disability**

A Member's benefits under this Program may be extended after the date that person ceases to be a Member under the Group Program Document because of termination of employment or termination of membership in the group. It will be extended if, on that date, the person is Totally Disabled from an illness or injury. The extension is only for that illness or injury and any related illness or injury. It will be for the time the person remains Totally Disabled from any such illness or injury, but not beyond 12 months if the person ceases to be a Member because the Group Program Document ends.

The Claims Administrator will provide benefits under the Group Program Document during an extension as if the person were still a Member. In addition, the Claims Administrator will provide benefits only to the extent that other coverage for the Covered Services is not provided for the by the Group. Continuation of coverage is subject to payment of the applicable premium.

**When The Employee Terminates Employment - Continuation Of Coverage Provisions Consolidated Omnibus Budget Reconciliation Act Of 1985, As Amended (COBRA)**

The Employee should contact their Employer for more information about COBRA and the events that may allow the Employee or the Employee's eligible Dependents to temporarily extend health care coverage.

**Continuation Of Incapacitated Child**

If the Member's unmarried child is incapable of self-support because of mental or physical incapacity and is dependent on the Member for over half of their support, the Member may apply to the Claims Administrator to continue coverage of such child under this Program upon such terms and conditions as the Claims Administrator may determine. Coverage of such Dependent child shall terminate upon the child's marriage. Continuation of benefits under this provision will only apply if the child was eligible as a Dependent and mental or physical incapacity commenced prior to age 19.

The disability must be certified by the attending physician; furthermore, the disability is subject to annual medical review. In a case where a handicapped child is over the limiting age and joining the Claims Administrator for the first time, the handicapped child must have been covered under the prior Claims Administrator and submit proof from the prior Claims Administrator that the child was covered as a handicapped person.

**Timely Filing**

The Claims Administrator will not be liable under this Program unless proper notice is furnished to the Claims Administrator that Covered Services have been rendered to a Member. Written notice must be given within 20 days after completion of the Covered Services. The notice must include the date and information required by the Claims Administrator to determine benefits. An expense will be considered Incurred on the date the service or supply was rendered.

The Member's failure to give notice to the Claims Administrator within the time specified will not reduce any benefit if it is shown that the notice was given as soon as reasonably possible, but in no event will the Claims Administrator be required to accept notice more than two years after the end of the Benefit Period in which the Covered Services are rendered.

**Release Of Information**

Each Member agrees that any person or entity having information relating to any Services or Supplies for which benefits are claimed under this Program may furnish to the Claims Administrator, upon its request, any information (including copies of records) relating to the illness or injury. In addition, the Claims Administrator may furnish similar information to other entities providing similar benefits at their request. The Claims Administrator shall provide to the Group, at the Group's request, any and all information regarding claims and charges submitted to the Claims Administrator by Professional Providers. The parties understand that any information provided to the Group will be adjusted by the Claims Administrator to prevent the disclosure of the identity of any Member or other patient treated by said Professional Providers. The Group shall reimburse the Claims Administrator for the actual costs of preparing and providing said information. The Claims Administrator shall provide the Group with such cost figure and obtain the Group's approval of such expense prior to incurring such costs.

The Claims Administrator may also furnish membership and/or coverage information for the purpose of claims processing or facilitating patient care.

When the Claims Administrator needs to obtain consent for the release of personal health information, authorization of care and treatment, or to have access to information from a Member who is unable to provide it, the Claims Administrator will obtain consent from the parent, legal guardian, next of kin, or other individual with appropriate legal authority to make decisions on behalf of the Member.

**Claim Forms**

The Claims Administrator will furnish to the Member making the claim, or to the Group, for delivery to such Member, such forms as are required for filing proof of loss.

**Time Of Payment Of Claims**

All benefits payable under this Program will be payable not more than 60 days after receipt of proof.

**Right To Recover Payments In Error**

If the Claims Administrator should pay for any contractually excluded services through inadvertence or error, the Claims Administrator maintains the right to seek recovery of such payment from the Professional Provider, Supplier or Member to whom such payment was made.

**Limitation Of Actions**

No legal action may be taken to recover benefits prior to 60 days after notice of claim has been given as specified above, and no such action may be taken later than two years after the date services are rendered.

**Member/Provider Relationship**

- The choice of a provider is solely the Member's.
  - The Claims Administrator does not furnish Covered Services but only makes payment for Covered Services received by Members. The Claims Administrator is not liable for any act or omission of any Professional Provider or Supplier. The Claims Administrator has no responsibility for a Professional Provider's or Supplier's failure or refusal to render Covered Services to a Member.

**Agency Relationships**

The Group is the agent of the Member, not the Claims Administrator.

### **Identification Cards And Benefit Booklets**

The Claims Administrator will provide the Identification Cards to Members or to the Group, depending on the direction of the Group. The Claims Administrator will also provide to each Member of an enrolled group a Benefit Booklet describing the benefits provided under the Group Program Document.

### **Member Rights**

A Member shall have no rights or privileges as to the benefits provided under this Program except as specifically provided herein.

### **Notice**

Any notice required under the Group Program Document must be in writing. Notice given to a Member will be given to the Member in care of the Group, or sent to the Member's last address furnished to the Claims Administrator by the Group. The Group, the Claims Administrator, or a Member may, by written notice, indicate a new address for giving notice.

### **Subrogation and Reimbursement Rights**

The Employee Retirement Income Security Act (ERISA) applies to many health benefit plans and, to comply with legal requirements that relate specifically to ERISA-governed plans, this Benefit Booklet describes "Subrogation and Reimbursement Rights" in two sections:

- Subrogation and Reimbursement Rights When The Program Is Governed By ERISA; and
- Subrogation and Reimbursement Rights When The Program Is Not Governed By ERISA.

However, the fact that these Rights are described in separate sections using different language does not mean or imply that the Rights are substantively different or that the Rights described in one section are greater or lesser than the Rights described in the other section. Under both sections, the Claims Administrator reserves right the pursue subrogation recoveries and the Member has an obligation to fully reimburse the Claims Administrator to the fullest extent permitted by law.

#### **▪ Subrogation and Reimbursement Rights When The Program Is Governed By ERISA**

By accepting benefits for Covered Services, the Member agrees that the Claims Administrator has the right to enforce subrogation and reimbursement rights. This section explains these rights and the responsibilities of each Member pertaining to subrogation and reimbursement. The term Member includes Eligible Dependents. The term Responsible Third Party refers to any person or entity, including any insurance company, health benefits plan or other third party, that has an obligation (whether by contract, common law or otherwise) to pay damages, pay compensation, provide benefits or make any type of payment to the Member for an injury or illness.

The Claims Administrator or the Plan Administrator, as applicable, retains full discretionary authority to interpret and apply these subrogation and reimbursement rights based on the facts presented. The right of subrogation or reimbursement is not enforceable if prohibited by statute or regulation.

### **Subrogation Rights**

Subrogation rights arise when the Claims Administrator pays benefits on behalf of a Member and the Member has a right to receive damages, compensation, benefits or payments of any kind (whether by a court judgment, settlement or otherwise) from a Responsible Third Party. The Claims Administrator is subrogated to the Member's right to recover from the Responsible Third Party. This means that the Claims Administrator "stands in your shoes" - and assumes the Member's right to pursue and receive the damages, compensation, benefits or payments from the Responsible Third Party to the full extent that the Claims Administrator has reimbursed the Member for medical expenses or paid medical expenses on the Member's behalf, plus the costs and fees that are incurred by the Claims Administrator to enforce these rights. The right to pursue a subrogation claim is not contingent upon whether or not the Member pursues the Responsible Third Party for any recovery.

### **Reimbursement Rights**

If a Member obtains any recovery - regardless of how it's described or structured - from a Responsible Third Party, the Member must fully reimburse the Claims Administrator for all medical expenses that were paid to the Member or on the Member's behalf, plus the costs and fees that are incurred by the Claims Administrator to enforce these rights. The Claims Administrator has a right to full reimbursement.

### **Lien**

By accepting benefits for Covered Services from the Claims Administrator, the Member agrees to a first priority equitable lien by agreement on any payment, reimbursement, settlement or judgment received by the Member, or anyone acting on the Member's behalf, from any Responsible Third Party. As a result, the Member must repay to the Claims Administrator the full amount of the medical expenses that were paid to the Member or on the Member's behalf out of the amounts recovered from the Responsible Third Party (plus the costs and fees that are incurred by the Claims Administrator to enforce these rights) first, before funds are allotted toward any other form of damages, whether or not there is an admission of fault or liability by the Responsible Third Party. The Claims Administrator has a lien on any amounts recovered by the Member from a Responsible Third Party, regardless of whether or not the amount is designated as payment for medical expenses. This lien will remain in effect until the Claims Administrator is reimbursed in full.

### **Constructive Trust**

If the Member (or anyone acting on the Member's behalf) receive damages, compensation, benefits or payments of any type from a Responsible Third Party (whether by a court judgment, settlement or otherwise), the Member agrees to maintain the funds in a separate, identifiable account and that the Claims Administrator has a lien on the monies. In addition the Member agrees to serve as the trustee over the monies for the benefit of Claims Administrator to the full extent that the Claims Administrator has reimbursed the Member for medical expenses or paid medical expenses on the member's behalf, plus the attorney's fees and the costs of collection incurred by the Claims Administrator.

- These subrogation and reimbursement rights apply regardless of whether money is received through a court decision, settlement, or any other type of resolution.
- These subrogation and reimbursement rights apply even if the recovery is designated or described as covering damages other than medical expenses (such as property damage or pain and suffering).

- These subrogation and reimbursement rights apply with respect to any recoveries made by the Member, including amounts recovered under an uninsured or underinsured motorist policy.
- The Claims Administrator is entitled to recover the full amount of the benefits paid to the Member or on the Member's behalf plus the costs and fees that are incurred by the Claims Administrator to enforce these rights without regard to whether the Member has been made whole or received full compensation for other damages (including property damage or pain and suffering). The recovery rights of the Claims Administrator will not be reduced by the "made whole" doctrine or "double recovery" doctrine.
- The Claims Administrator will not pay, offset any recovery, or in any way be responsible for attorneys' fees or costs associated with pursuing a claim against a Responsible Third Party unless the Claims Administrator agrees to do so in writing. The recovery rights of the Claims Administrator will not be reduced by the "common fund" doctrine.
- In addition to any Coordination of Benefits rules described in this Benefit Booklet, the benefits paid by the Claims Administrator will be secondary to any no-fault auto insurance benefits and to any worker's compensation benefits (no matter how any settlement or award is characterized) to the fullest extent permitted by law.
- These subrogation and reimbursement rights apply and will not be decreased, restricted, or eliminated in any way if the Member receives or has the right to recover no-fault insurance benefits.
- All rights under this section are enforceable against the heirs, estate, legal guardians or legal representatives of the Member.
- The Claims Administrator is entitled to recover the full amount of the medical benefits paid without regard to any claim of fault on the Member's part.

#### **Obligations of Member**

- Immediately notify the Claims Administrator or its designee in writing if the Member asserts a claim against a Responsible Third Party, whether informally or through judicial or administrative proceedings.
- Immediately notify the Claims Administrator or its designee in writing whenever a Responsible Third Party contacts the Member or the Member's representative - or the Member or the Member's representative contact a Responsible Third Party - to discuss a potential settlement or resolution.
- Refuse any offer to settle, adjust or resolve a claim for damages, benefits or compensation that involves an injury, illness or medical expenses in any way, unless and until the Member receives written authorization from the Claims Administrator or its delegated representative.
- Fully cooperate with the Claims Administrator and its designated representative, as needed, to allow for the enforcement of these subrogation and reimbursement rights and promptly supply information/documentation when requested and promptly execute any and all forms/documents that may be needed.
- Avoid taking any action that may prejudice or harm the Claims Administrator's ability to enforce these subrogation and reimbursement rights to the fullest extent possible.
- Fully reimburse the Claims Administrator or its designated representative immediately upon receiving compensation of any kind (whether by court judgment, settlement or otherwise) from a Responsible Third Party.
- Serve as trustee for any and all monies paid to (or payable to) the Member or for the Member's benefit by any Responsible Third Party to the full extent the Claims Administrator paid benefits for an injury or illness.

- All of these Obligations apply to the heirs, estate, legal guardians or legal representatives of the Member.

- **Subrogation and Reimbursement Rights When The Program Is Not Governed By ERISA**

By accepting benefits for Allowable Charges, the Member agrees that the Claims Administrator has the right to enforce subrogation and reimbursement rights to the extent permitted by law. This section explains these rights and the responsibilities of each Member pertaining to subrogation and reimbursement. The term Member includes Eligible Dependents. The term Responsible Third Party refers to any person or entity, including any insurance company, health benefits plan or other third party, that has an obligation (whether by contract, common law or otherwise) to pay damages, pay compensation, provide benefits or make any type of payment to the Member for an injury or illness.

The Claims Administrator or the Plan Administrator, as applicable, retains full discretionary authority to interpret and apply these subrogation and reimbursement rights based on the facts presented. The right of subrogation or reimbursement is not enforceable if prohibited by statute or regulation..

#### **Subrogation Rights**

Subrogation rights arise when the Claims Administrator pays benefits on behalf of a Member and the Member has a right to receive damages, compensation, benefits or payments of any kind (whether by a court judgment, settlement or otherwise) from a Responsible Third Party. The Claims Administrator is subrogated to the Member's right to recover from the Responsible Third Party. This means that the Claims Administrator "stands in your shoes" - and assumes the Member's right to pursue and receive the damages, compensation, benefits or payments from the Responsible Third Party to the full extent that the Claims Administrator has reimbursed the Member for medical expenses or paid medical expenses on the Member's behalf, plus the costs and fees that are incurred by the Claims Administrator to enforce these rights. The right to pursue a subrogation claim is not contingent upon whether or not the Member pursues the Responsible Third Party for any recovery.

#### **Reimbursement Rights**

If a Member obtains any recovery - regardless of how it's described or structured - from a Responsible Third Party, the Member must fully reimburse the Claims Administrator for all medical expenses that were paid to the Member or on the Member's behalf, to the extent permitted by law.

- These subrogation and reimbursement rights apply regardless of whether money is received through a court decision, settlement, or any other type of resolution.
- These subrogation and reimbursement rights apply even if the recovery is designated or described as covering damages other than medical expenses (such as property damage or pain and suffering).
- These subrogation and reimbursement rights apply with respect to any recoveries made by the Member, including amounts recovered under an uninsured or underinsured motorist policy.
- The Claims Administrator will not pay, offset any recovery, or in any way be responsible for attorneys' fees or costs associated with pursuing a claim against a Responsible Third Party unless the Claims Administrator agrees to do so in writing.

- In addition to any Coordination of Benefits rules described in this Benefit Booklet, the benefits paid by the Claims Administrator will be secondary to any no-fault auto insurance benefits and to any worker's compensation benefits (no matter how any settlement or award is characterized) to the fullest extent permitted by law.
- These subrogation and reimbursement rights apply and will not be decreased, restricted, or eliminated in any way if the Member receives or has the right to recover no-fault insurance benefits.
- All rights under this section are enforceable against the heirs, estate, legal guardians or legal representatives of the Member.
- The Claims Administrator is entitled to recover the full amount of the medical benefits paid without regard to any claim of fault on the Member's part.

### **Obligations of Member**

- Immediately notify the Claims Administrator or its designee in writing if the Member asserts a claim against a Responsible Third Party, whether informally or through judicial or administrative proceedings.
- Immediately notify the Claims Administrator or its designee in writing whenever a Responsible Third Party contacts the Member or the Member's representative - or the Member or the Member's representative contact a Responsible Third Party - to discuss a potential settlement or resolution.
- Refuse any offer to settle, adjust or resolve a claim for damages, benefits or compensation that involves an injury, illness or medical expenses in any way, unless and until the Member receives written authorization from the Claims Administrator or its delegated representative.
- Fully cooperate with the Claims Administrator and its designated representative, as needed, to allow for the enforcement of these subrogation and reimbursement rights and promptly supply information/documentation when requested and promptly execute any and all forms/documents that may be needed.
- Avoid taking any action that may prejudice or harm the Claims Administrator's ability to enforce these subrogation and reimbursement rights to the fullest extent possible.
- Fully reimburse the Claims Administrator or its designated representative immediately upon receiving compensation of any kind (whether by court judgment, settlement or otherwise) from a Responsible Third Party.
- All of these Obligations apply to the heirs, estate, legal guardians or legal representatives of the Member.

### **IMPORTANT: Failure to Cooperate**

If the Member fails or refuses to sign forms or documents as requested or otherwise fail or refuse to cooperate or abide by any of the obligations described above, the Claims Administrator or Plan Administrator, as applicable, has full discretion and authority to reduce or withhold benefit payments to recover subrogation/reimbursement amounts that are owed and/or to terminate the Member's participation in the Program.

### **Special Circumstances**

In the event that Special Circumstances result in a severe impact to the availability of providers and services, to the procedures required for obtaining benefits for Covered Services under this Program (For Example, use of Participating Providers), or to the administration of this Program by the Claims Administrator, the Claims Administrator may on a selective basis, waive certain procedural requirements or cost-sharing of this Program. Such waiver shall be specific as to the requirements that are waived and shall last for such period as required by the Special Circumstances as defined below.

The Claims Administrator shall make a good faith effort to provide access to Covered Services in so far as practical and according to its best judgment. Neither the Claims Administrator nor the Participating Providers shall incur liability or obligation for delay or failure to provide or arrange for Covered Services if such failure or delay is caused by Special Circumstances.

Special Circumstances, as recognized in the community, and by the Claims Administrator and appropriate regulatory authority, are extraordinary circumstances not within the control of the Claims Administrator, including but not limited to:

- Major disaster;
- Epidemic;
- Pandemic;
- The complete or partial destruction of facilities;
- Riot;
- Civil insurrection; or
- Public health emergency.

### **Regarding Non-Discrimination Rights**

The Member has the right to receive health care services without discrimination:

- Based on race, ethnicity, age, mental or physical disability, genetic information, color, religion, gender, national origin, source of payment, sexual orientation, or sex, including stereotypes and gender identity, pre-existing conditions, health status, and marital status;
- For Medically Necessary health services made available on the same terms for all individuals, regardless of sex assigned at birth, gender identity, or recorded gender;
- Based on an individual's sex assigned at birth, gender identity, or recorded gender, if it is different from the one to which such health service is ordinarily available;
- Related to gender transition if such denial or limitation results in discriminating against a transgender individual.

## (COMPLAINT AND APPEAL PROCESS)

### **Informal Member Complaint Process**

The Claims Administrator has a process for Members to express informal Complaints. To register a Complaint (as opposed to an appeal as discussed below), Members should call the Member Services Department at the telephone number on the back of their Identification Card or write to the Claims Administrator at the following address:

General Correspondence  
1901 Market Street  
Philadelphia, PA 19103

Most Member concerns are resolved informally at this level. However, if the Claims Administrator is unable to immediately resolve the Member Complaint, it will be investigated, and the Member will receive a response in writing within 30 days.

### **Member Appeal Process**

#### Filing an Appeal

The Claims Administrator maintains procedures for the resolution of Member appeals. Internal appeals may be filed within 180 calendar days of the Member's or designee's receipt of an adverse benefit determination from the Claims Administrator. The Member may designate either the Provider or another authorized representative to represent the Member on the appeal. After obtaining the Member's authorization, either the Provider or another authorized representative requests a change of a previous decision made by the Claims Administrator by following the procedures described here. (In order to authorize someone else to be the Member's representative for the appeal, the Member must complete a valid authorization form. The Member should contact the Claims Administrator as directed below to obtain a "Member/Enrollee Authorization to Appeal by Provider or Other Representative" form or for questions regarding the requirements for an authorized representative.)

The Member or other authorized person on behalf of the Member, may request an appeal by calling or writing to the Claims Administrator, as defined in the letter notifying the Member of the decision or as follows:

Member Appeals Department  
P.O. Box 41820  
Philadelphia, PA, 19101-1820

Toll Free Phone: 1-888-671-5276  
Toll Free Fax: 1-888-671-5274 or  
Phila. Fax: 215-988-6558

The Member or designee is entitled to a full and fair review. Specifically, at all appeal levels the Member or designee may submit additional information pertaining to the case, to the Claims Administrator. The Member or designee may specify the remedy or corrective action being sought. At the Member's request, the Claims Administrator will provide access to and copies of all relevant documents, records, and other information that are not confidential, proprietary, or privileged. The Claims Administrator will automatically provide the Member or designee with any new or additional evidence considered, relied upon, or generated by the Claims Administrator in connection with the appeal, which is used to formulate the rationale. Such evidence is provided as soon as possible and in advance of the date the adverse notification is issued. This information is provided to the Member or designee at no charge.

The Claims Administrator will not terminate or reduce an ongoing course of treatment without providing the Member or designee with advance notice and the opportunity for advanced review.

Individuals with urgent care conditions or who are receiving an on-going course of treatment may proceed with an expedited external review at the same time as the internal expedited appeals process.

If the appeal is upheld, the letter states the reason(s) for the decision. If a benefit provision, internal, rule, guideline, protocol, or other similar criterion is used in making the determination, the Member may request copies of this information at no charge. If the decision is to uphold the denial, there is an explanation of the scientific or clinical judgment for the determination. The letter also indicates the qualifications of the individual who decided the appeal and their understanding of the nature of the appeal. The Member or designee may request in writing, at no charge, the name of the individual who participated in the decision to uphold the denial.

### Types of Appeals

Following are the two types of appeals and the issues they address:

- **Internal Standard (non-urgent) Medical Necessity Appeals** - An appeal by or on behalf of a Member that focuses on issues of Medical Necessity and requests the Claims Administrator to change its decision to deny or limit the provision of a Covered Service. Medical Necessity appeals include appeals of adverse benefit determinations based on medical judgement and the exclusions for Experimental/Investigative or cosmetic services. A Claim Administrator's Medical Director (MDR) is the decision maker for Medical Necessity appeals. This individual holds an active unrestricted license to practice medicine. Either the Claim Administrator's MDR or an independent consultant function as the same/similar specialist. The same/similar specialist is in the same/similar specialty as the individual who is managing the Member's care, The independent consultant is a licensed Physician, Psychologist, or other health care professional, who has no previous involvement with the case and is not a subordinate of anyone previously involved in the case.

For each of the two levels of Medical Necessity appeal, a different MDR is the decider of the appeal. For both levels of appeal, the MDR has no previous involvement with the case and is not a subordinate of anyone previously involved.

The same/similar specialist review is typically part of the first level appeal. However, if additional information is submitted prior to the second level of appeal, an MDR or independent consultant who has no previous involvement with the case and is not the subordinate of anyone who was previously involved in the case, conducts a second same/similar specialist review.

- **Administrative Appeal** - A dispute or objection by a Member regarding the following: operations or management policies of a health care plan, non-covered services, coverage limitations, participating or non-participating provider status, cost sharing requirements, certain surprise medical bills received by a Member from an out-of-network Provider, and rescissions of coverage (except for failure to pay premiums or coverage contributions), that has not been resolved by the Claims Administrator. An employee of the Claims Administrator is the decision maker for the level 1 Administrative Appeal. This individual has had no previous involvement with the case and is not a subordinate of anyone involved with

a previous adverse determination. A different employee of the Claims Administrator decides the level 2 appeal. This individual has no prior involvement in the case and is not the subordinate of anyone previously involved.

#### Internal Standard Appeals

**Pre-service Appeal** - An appeal for benefits that, under the terms of this Group Program Document, must be pre-certified or pre-approved (either in whole or in part) before medical care is obtained for coverage to be available. For a standard Pre-Service Appeal, a maximum of 15 calendar days is available for each of the two levels of internal appeal.

**Post-service Appeal** - An appeal for benefits that is not a Pre-service Appeal. (Post-service Appeals concerning claims for services that the Member has already obtained do not qualify for review as Expedited/Urgent appeals.) For a standard Post-Service Appeal, a maximum of 30 calendar days is available for each of the two levels of internal appeal.

For prescription non-formulary exception requests, the decision is made, and notification is sent to the Member/designee within 72 hours for each level of appeal.

The decision of the Claims Administrator is sent to the Member or designee in writing within the timeframe noted above.

#### Internal Urgent/Expedited Appeals Review:

An urgent expedited appeal is any appeal for medical care or treatment with respect to which the application of the time periods for making non-urgent determinations could seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function, or in the opinion of a Physician with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the care or treatment that is the subject of the appeal.

The appeals review process for an urgent/expedited appeal mirrors the process described above under the section entitled "Types of Appeal".

The expedited review is completed promptly based on the Member's health condition, but no later than 72 hours after receipt of the expedited appeal request by the Claims Administrator. Within 72 hours after receipt of the expedited appeal, the Claims Administrator notifies the Member or designee by telephone of the determination. The determination is sent in writing within 72 hours after the Member or designee has received the verbal notification.

For prescription non-formulary exception requests, the Claims Administrator notifies the Member or designee of the determination in writing within 24 hours after the receipt of the request from the Member or designee.

The Member or designee may also file an expedited external Medical Necessity appeal at the same time as filing an internal expedited Medical Necessity appeal.

If not satisfied with the standard or expedited decision from the Claims Administrator, the Member or designee has the right to initiate an external appeal as described below.

## **External Review Process via an Independent Review Organization (IRO)**

### **Types of Services Eligible for An External Review**

Under the Federal Independent Review Organization (IRO) process, Members or their designee may request an External Review that is based on any of the following:

- Medical Necessity and medical judgement appeals, including when a health care Provider requests an authorization for additional treatment that was not approved by the Plan.
- Appropriateness of service.
- Health care setting.
- Effectiveness of a covered benefit.
- Level of care.

When a Member seeks coverage for specialized care from an out-of-network health care Provider because they believe that an in-network health care Provider cannot effectively do the procedure or manage their care.

Disputes regarding the Program's compliance with the surprise billing and cost-sharing protections under Sections 2799a-1 and 2799a-2 of the Public Health Services Act and regulations promulgated thereunder, including:

- Any determination of whether an appeal is for emergency services or for consideration of compliance with the cost sharing and surprise billing protections.
- Clarification as to whether a claim for items and/or services from non-participating health care Providers at an in-network facility are subject to the No Surprise Act protections.
- Clarification as to whether an individual was in a condition to receive a notice about the No Surprise Act protections and have given informed consent to waive those protections.

Determine whether a claim for services and items is coded correctly and consistent with the treatment the individual received.

Determine whether cost-sharing was appropriately calculated for claims for ancillary services provided by an out-of-network health care Provider at an in-network facility.

Rescissions of coverage, except for non-payment of premiums or coverage contributions

Standard External Review Process - The Claims Administrator follows the Federal Independent Review Organization (IRO) Process. The Member or designee may request an External Review via an IRO by calling or writing to the Claims Administrator within four months of receipt of the internal appeal decision letter. The Member or designee is not required to pay any of the costs associated with the External Review.

The Member or designee may only request an External Review after exhausting the Claims Administrator's internal appeal process. The Member or designee shall be deemed to have exhausted the internal appeal process if the Claims Administrator has failed to comply with the requirements of the internal claims, utilization review and or appeals process, unless the failure or failures are based on de minimis (minor) violations that do not cause and are not likely to cause prejudice or harm to the Member or designee.

### Preliminary Review

Within five business days of the Claims Administrator's receipt of an External Appeal request from the Member or designee, the Claims Administrator conducts a preliminary review of the request to determine the following:

- The Member is or was covered at the time the health care service or item was requested (in the case where services or items require pre-authorization) or provided in the case of retrospective reviews.
- The adverse benefit determination or final adverse benefit determination does not relate to the Member's failure to meet the eligibility requirements under the terms of the Program.
- The Member has exhausted the Program's internal appeal process.
- The Member has provided all the information and forms required to process an external appeal.

Within one business day after completion of the preliminary review, the Claims Administrator sends written notification to the Member or designee. If the request is complete but not eligible for an external review, the notice must include the reasons for the lack of ineligibility. If additional information or material is needed for the Claims Administrator to process the external appeal request, the notification identifies that information. The Member or designee has 48 hours from their receipt of the notification to submit the required information to the Claims Administrator.

If the request is eligible, the Claims Administrator assigns the external review to an IRO which is accredited by a nationally recognized accrediting organization such as NCQA (National Committee for Quality Assurance). The IRO referral process provides for the following:

- The Claims Administrator ensures that the IRO process is not biased.
- The Claims Administrator contracts with four separate IROs and rotates assignments among them.
- As required by Federal law, the IRO is not eligible for financial incentives based on the likelihood they will support the denial.
- The IRO has no direct or indirect professional, familial, or financial conflicts of interest with the Claims Administrator, with the Member, or the designee. The Claims Administrator's arrangements for assignment of an IRO and payment for the services of an IRO do not constitute a conflict of interest.
- The consultant assigned by the IRO to review the appeal request, has no prior involvement with the case and is not a subordinate of anyone previously involved.
- The assigned consultant is in the same/similar specialty as the individual managing the Member's care.

Within five business days of the IRO assignment, the Claims Administrator sends the IRO all the information and documents considered in making the adverse determination electronically via the applicable IRO portal.

For a standard external review, the IRO makes the decision and sends notification to the Member or designee within 45 calendar days of their receipt of the request. For prescription non-formulary exception requests, the IRO sends notification to the Member or designee within 72 hours of their receipt of the request.

#### Expedited External Review Process

The Member or designee may request an External Review for urgent/expedited situations through an IRO. Additionally, the Member or the designee may request a concurrent internal and external expedited external review. The Member or designee is not required to pay any of the costs.

Preliminary Review - Immediately upon request for an external expedited appeal, the Claims Administrator determines the eligibility and reviewability of the request as follows.

- The Member is or was covered at the time the health care service or item was requested (in the case where services or items require pre-authorization) or provided in the case of retrospective reviews.
- The adverse benefit determination or final adverse benefit determination does not relate to the Member's failure to meet eligibility requirements under the terms of the Program.
- The Member has provided all the information and forms required to process an expedited external appeal.

Upon determination that an expedited external review request is eligible for an external review, the Claims Administrator assigns an IRO and electronically sends all information and documents considered in the adverse benefit determination to the IRO via the applicable portal.

The IRO reviews the case file, makes a decision, and sends notification to the Member or designee within 72 hours of their receipt of the external appeal request. For prescription non-formulary exception requests, the IRO reviews the case file, makes the decision, and notifies the Member or designee within 24 hours of their receipt of the request.

All IRO overturn decisions (both standard and expedited) are binding on the Claims Administrator and Plan Administrator. If the decision of the IRO is that the services are eligible, the Claims Administrator authorizes the service and/or pays the claims. The Member is notified in writing of the time and procedure for claim payment and/or approval of the service in the event of an overturn of the Internal Appeal. The Claims Administrator implements the IRO's decision within the time, if any, specified by the IRO.

## INDEPENDENCE BLUE CROSS NOTICE OF PRIVACY PRACTICES

### THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION<sup>1</sup>

---

#### PLEASE REVIEW IT CAREFULLY.

Independence Blue Cross<sup>2</sup> (“Independence”) values you as a customer, and protection of your privacy is very important to us. In conducting our business, we will create and maintain records that contain protected health information about you and the health care provided to you as a member of our health plans.

Note: “Protected health information” or “PHI” is information about you, including information that can reasonably be used to identify you and that relates to your past, present or future physical or mental health or condition, the provision of health care to you or the payment for that care.

We protect your privacy by:

- limiting who may see your PHI;
- limiting how we may use or disclose your PHI;
- informing you of our legal duties with respect to your PHI;
- explaining our privacy policies; and
- adhering to the policies currently in effect.

The definition of PHI also includes race, ethnicity, language, gender identity and sexual orientation information transmitted or maintained in any form or medium by Independence.<sup>3</sup>

This Notice describes our privacy practices, which include how we may use, disclose, collect, handle, and protect our members’ protected health information. We are required by certain federal and state laws to maintain the privacy of your protected health information. We also are required by the federal Health Insurance Portability and Accountability Act (or “HIPAA”) Privacy Rule to give you this Notice about our privacy practices, our legal duties, and your rights concerning your protected health information.

---

<sup>1</sup> If you are enrolled in a self-insured group benefit program, this Notice is not applicable. If you are enrolled in such a program, you should contact your Group Benefit Manager for information about your group’s privacy practices. If you are enrolled in the Federal Employee Service Benefit Plan, you will receive a separate Notice.

<sup>2</sup> For purposes of this Notice, “Independence Blue Cross” refers to the following companies: Independence Blue Cross, Independence Assurance Company, Keystone Health Plan East, QCC Insurance Company, and Vista Health Plan, Inc. – independent licensees of the Blue Cross and Blue Shield Association.

<sup>3</sup> Independence Blue Cross does not use race, ethnicity, language, gender identity and sexual orientation information for underwriting, rate setting, denial of services, coverage or benefits determinations.

This revised Notice took effect on January 1, 2024, and will remain in effect until we replace or modify it.

### **Copies of this Notice**

You may request a copy of our Notice at any time. If you want more information about our privacy practices, or have questions or concerns, please contact Member Services by calling the telephone number on the back of your Member Identification Card, or contact us using the contact information at the end of this Notice.

### **Changes to this Notice**

The terms of this Notice apply to all records that are created or retained by us which contain your PHI. We reserve the right to revise or amend the terms of this Notice. A revised or amended Notice will be effective for all of the PHI that we already have about you, as well as for any PHI we may create or receive in the future. We are required by law to comply with whatever Privacy Notice is currently in effect. You will be notified of any material change to our Privacy Notice before the change becomes effective. When necessary, a revised Notice will be mailed to the address that we have on record for the contract holder of your member contract, and will also be posted on our web site at [www.ibx.com](http://www.ibx.com).

### **Potential Impact of State Law**

The HIPAA Privacy Rule generally does not “preempt” (or take precedence over) state privacy or other applicable laws that provide individuals greater privacy protections. As a result, to the extent state law applies, the privacy laws of a particular state, or other federal laws, rather than the HIPAA Privacy Rule, might impose a privacy standard under which we will be required to operate. For example, where such laws have been enacted, we will follow more stringent state privacy laws that relate to uses and disclosures of the protected health information concerning HIV or AIDS, mental health, substance abuse/chemical dependency, genetic testing, reproductive rights, etc.

### **How We May Use and Disclose Your Protected Health Information (PHI)**

In order to administer our health benefit programs effectively, we will collect, use and disclose PHI for certain of our activities, including payment of covered services and health care operations.

The following categories describe the different ways in which we may use and disclose your PHI. Please note that every permitted use or disclosure of your PHI is not listed below. However, the different ways we will, or might, use or disclose your PHI do fall within one of the permitted categories described below.

**Treatment:** We may disclose information to doctors, pharmacies, hospitals and other health care providers who take care of you to assist in your treatment or the coordination of your care.

**Payment:** We may use and disclose your PHI for all payment activities including, but not limited to, collecting premiums or to determine or fulfill our responsibility to provide health care coverage under our health plans. This may include coordinating benefits with other health care programs or insurance carriers, such as Medicare or Medicaid. For example, we may use and disclose your PHI to pay claims for services provided to you by doctors or hospitals which are covered by your health plan(s), or to determine if requested services are covered under your health plan. We may also use and disclose your PHI to conduct business with other Independence Blue Cross affiliate companies.

**Health Care Operations:** We may use and disclose your PHI to conduct and support our business and management activities as a health insurance issuer. For example, we may use and disclose your PHI to determine our premiums for your health plan, to conduct quality assessment and improvement activities, to conduct business planning activities, to conduct fraud detection programs, to conduct or arrange for medical review, or to engage in care coordination of health care services.

We may also use and disclose your PHI to offer you one of our value added programs like smoking cessation or discounted health related services, or to provide you with information about one of our disease management programs or other available Independence Blue Cross health products or health services.

We may also use and disclose your PHI to provide you with reminders to obtain preventive health services, and to inform you of treatment alternatives and/or health related benefits and services that may be of interest to you.

Such exceptions may include: a marketing communication to you that is in the form of (a) a face-to-face communication, or (b) a promotional gift of nominal value.

**Release of Information to Plan Sponsors:** Plan sponsors are employers or other organizations that sponsor a group health plan. We may disclose PHI to the plan sponsor of your group health plan as follows:

- We may disclose “summary health information” to your plan sponsor to use to obtain premium bids for providing health insurance coverage or to modify, amend or terminate its group health plan. “Summary health information” is information that summarizes claims history, claims expenses, or types of claims experience for the individuals who participate in the plan sponsor’s group health plan;
- We may disclose PHI to your plan sponsor to verify enrollment/disenrollment in your group health plan;

- If you are enrolled in a group health plan, your plan sponsor may have met certain requirements of the HIPAA Privacy Rule that will permit us to disclose PHI to the plan sponsor. Sometimes the plan sponsor of a group health plan is the employer. In those circumstances, we may disclose PHI to your employer. You should talk to your employer to find out how this information will be used.

**Research:** We may use or disclose your PHI for research purposes if certain conditions are met. Before we disclose your PHI for research purposes without your written permission, an Institutional Review Board (a board responsible under federal law for reviewing and approving research involving human subjects) or Privacy Board reviews the research proposal to ensure that the privacy of your PHI is protected, and to approve the research.

**Required by Law:** We may disclose your PHI when required to do so by applicable law. For example, the law requires us to disclose your PHI:

- When required by the Secretary of the U.S. Department of Health and Human Services to investigate our compliance efforts; and
- To health oversight agencies, to allow them to conduct certain Health Oversight Activities described below.

**Public Health Activities:** We may disclose your PHI to public health agencies for public health activities that are permitted or required by law, such as to:

**Health Oversight Activities:** We may disclose your PHI to a health oversight agency for activities authorized by law, such as: audits; investigations; inspections; licensure or disciplinary actions; or civil, administrative, or criminal proceedings or actions. Health oversight agencies seeking this information include government agencies that oversee: (i) the health care system; (ii) government benefit programs; (iii) other government regulatory programs; and (iv) compliance with civil rights laws.

**Lawsuits and Other Legal Disputes:** We may disclose your PHI in response to a court or administrative order, subpoena, discovery request, or other lawful process once we have met all administrative requirements of the HIPAA Privacy Rule.

**Law Enforcement:** We may disclose your PHI to law enforcement officials under certain conditions. For example, we may disclose PHI:

- to permit identification and location of witnesses, victims, and fugitives;
- in response to a search warrant or court order;
- as necessary to report a crime on our premises;
- to report a death that we believe may be the result of criminal conduct; or
- in an emergency, to report a crime.

**Coroners, Medical Examiners, or Funeral Directors:** We may release PHI to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or to determine the cause of death. We also may disclose, as authorized by law, information to funeral directors so that they may carry out their duties.

**Organ and Tissue Donation:** We may use or disclose your PHI to organizations that handle organ and tissue donation and distribution, banking, or transplantation.

**To Prevent a Serious Threat to Health or Safety:** As permitted by law, we may disclose your PHI if we believe that the disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public.

**Workers' Compensation:** As part of your workers' compensation claim, we may have to disclose your PHI to a worker's compensation carrier.

**To You:** When you ask us to, we will disclose to you your PHI that is in a "designated record set." Generally, a designated record set contains medical, enrollment, claims and billing records we may have about you, as well as other records that we use to make decisions about your health care benefits. You can request the PHI from your designated record set as described in the section below called "Your Privacy Rights Concerning Your Protected Health Information."

**To Your Personal Representative:** If you tell us to, we will disclose your PHI to someone who is qualified to act as your personal representative according to any relevant state laws. In order for us to disclose your PHI to your personal representative, you must send us a completed Independence Blue Cross Personal Representative Designation Form and documentation that supports the person's qualification according to state law (such as a power of attorney or guardianship). To request the Independence Blue Cross Personal Representative Designation Form, please contact Member Services at the telephone number listed on the back of your Member Identification card, print the form from our web site at [www.ibx.com](http://www.ibx.com), or write us at the address at the end of this Notice. However, the HIPAA Privacy Rule permits us to choose not to treat that person as your personal representative when we have a reasonable belief that: (i) you have been, or may be, subjected to domestic violence, abuse or neglect by the person; (ii) treating the person as your personal representative could endanger you; or (iii) in our professional judgment, it is not in your best interest to treat the person as your personal representative.

**To Family and Friends:** Unless you object, we may disclose your PHI to a friend or family member who has been identified as being involved in your health care. We also may disclose your PHI to an entity assisting in a disaster relief effort so that your family can be notified about your condition, status, and location. If you are not present or able to agree to these disclosures of your PHI, then we may, using our professional judgment, determine whether the disclosure is in your best interest.

**Parents as Personal Representatives of Minors:** In most cases, we may disclose your minor child's PHI to you. However, we may be required to deny a parent's access to a minor's PHI according to applicable state law.

### Health Information Exchanges

We share your health information electronically through certain Health Information Exchanges ("HIEs"). A HIE is a secure electronic data sharing network. In accordance with applicable federal and state privacy and security requirements, regional health care providers participate in HIEs to exchange patient information in real-time to help facilitate delivery of health care, avoid duplication of services, and more efficiently coordinate care. As a participant in HIEs, Independence shares your health information we may have received when a claim has been submitted for services you have received among authorized participating providers, such as physicians, hospitals, and health systems for the purpose of treatment, payment and health care operations as permitted by law.

During an emergency, patients and their families may forget critical portions of their medical history which may be very important to the treating physician who is trying to make a quick, accurate diagnosis in order to treat the sick patient. Independence, through its participation in an HIE, makes pertinent medical history, including diagnoses, studies, lab results, medications and the treating physicians we may receive on a claim available to participating emergency room physicians while the patient is receiving care. This is invaluable to the physician, expediting the diagnosis and proper treatment of the patient.

Your treating providers who participate with an HIE, and also submit health information with the HIE, will have the ability to access your health information through the HIE and send records to your treating physicians. Through direct requests to the HIE, we will receive various types of protected health information such as pharmacy or laboratory services, or information when you have been discharged from a hospital which may be used to coordinate your care, provide case management services, or otherwise reduce duplicative services and improve the overall quality of care to our members. All providers that participate in HIEs agree to comply with certain privacy and security standards relating to their use and disclosure of the health information available through the HIE.

As an Independence member, you have the right to opt-out which means your health information will not be accessible through the HIE. Through the regional HIE (<https://healthshareexchange.org/patient-options-opt-out-back/>) website or the State HIE (<https://www.dhs.pa.gov/providers/Providers/Pages/Health%20Information%20Technology/Health-Information-Exchange-Citizens.aspx>) website consumers or providers can access an online, fax, or mail form permitting patients to remove themselves (opt-out) or reinstate themselves (opt back in) to the HIE. It will take approximately one business day to process an opt-out request. If you choose to opt-out of the HIE, your health care providers will not be able to access your information through the HIE. Even if you opt-out, this will not prevent your health information from being made available and released through other means (i.e. fax, secure email) to authorized individuals, such as network providers for paying claims, coordinating care, or administering your health benefits in accordance with the law and in the normal course of conducting our business as permitted under applicable law. For more information on HIEs, please go to <https://healthshareexchange.org/consumers/> or to <https://www.dhs.pa.gov/providers/Providers/Pages/Health%20Information%20Technology/Health-Information-Exchange-Citizens.aspx>.

- You may give us written authorization permitting us to use your PHI or disclose it to anyone for any purpose.
- We will obtain your written authorization for uses and disclosures of your PHI that are not identified by this Notice, or are not otherwise permitted by applicable law.

Any authorization that you provide to us regarding the use and disclosure of your PHI may be revoked by you in writing at any time. After you revoke your authorization, we will no longer use or disclose your PHI for the reasons described in the authorization. Of course, we are unable to take back any disclosures that we have already made with your authorization. We may also be required to disclose PHI as necessary for purposes of payment for services received by you prior to the date when you revoked your authorization.

Your authorization must be in writing and contain certain elements to be considered a valid authorization. For your convenience, you may use our approved Independence Blue Cross Authorization Form. To request the Independence Blue Cross Authorization Form, please contact Member Services at the telephone number listed on the back of your Member Identification card, print the form from our web site at [www.ibx.com](http://www.ibx.com), or write us at the address at the end of this Notice.

## Your Privacy Rights Concerning Your Protected Health Information (PHI)

You have the following rights regarding the PHI that we maintain about you. Requests to exercise your rights as listed below must be in writing. **Right to Access Your PHI:** You have the right to inspect or get copies of your PHI contained in a designated record set. Generally, a “designated record set” contains medical, enrollment, claims and billing records we may have about you, as well as other records that we may use to make decisions about your health care benefits. However, you may not inspect or copy psychotherapy notes or certain other information that may be contained in a designated record set.

You may request that we provide copies of your PHI in a format other than photocopies such as by electronic means in certain situations. We will use the format you request unless we cannot practicably do so. We may charge a reasonable fee for copies of PHI (based on our costs), for postage, and for a custom summary or explanation of PHI. You will receive notification of any fee(s) to be charged before we release your PHI, and you will have the opportunity to modify your request in order to avoid and/or reduce the fee. In certain situations, we may deny your request for access to your PHI. If we do, we will tell you our reasons in writing, and explain your right to have the denial reviewed.

**Right to Amend Your PHI:** You have the right to request that we amend your PHI if you believe there is a mistake in your PHI, or that important information is missing. Approved amendments made to your PHI will also be sent to those who need to know, including (where appropriate) Independence Blue Cross’s vendors (known as “Business Associates”). We may also deny your request if, for instance, we did not create the information you want amended. If we deny your request to amend your PHI, we will tell you our reasons in writing, and explain your right to file a written statement of disagreement.

**Right to an Accounting of Certain Disclosures:** You may request, in writing, that we tell you when we or our Business Associates have disclosed your PHI (an “Accounting”). Any accounting of disclosures will **not** include those we made:

- for payment, or health care operations;
- to you or individuals involved in your care;
- with your authorization;
- for national security purposes;
- to correctional institution personnel; or
- before April 14, 2003.

The first accounting in any 12-month period is without charge. We may charge you a reasonable fee (based on our cost) for each subsequent accounting request within a 12- month period. If a subsequent request is received, we will notify you of any fee to be charged, and we will give you an opportunity to withdraw or modify your request in order to avoid or reduce the fee.

**Right to Request Restrictions:** You have the right to request, in writing, that we place additional restrictions on our use or disclosure of your PHI. We are not required to agree to your request. However, if we do agree, we will be bound by our agreement except when required by law, in emergencies, or when information is necessary to treat you. An approved restriction continues until you revoke it in writing, or until we tell you that we are terminating our agreement to a restriction.

**Right to Request Confidential Communications:** You have the right to request that we use alternate means or an alternative location to communicate with you in confidence about your PHI. For instance, you may ask that we contact you by mail, rather than by telephone, or at work, rather than at home. Your written request must clearly state that the disclosure of all or part of your PHI at your current address or method of contact we have on record could be an endangerment to you. We will require that you provide a reasonable alternate address or other method of contact for the confidential communications. In assessing reasonableness, we will consider our ability to continue to receive payment and conduct health care operations effectively, and the subscriber’s right to payment information. We may exclude certain communications that are commonly provided to all members from confidential communications. Examples of such communications include benefit booklets and newsletters.

**Right to a Paper Copy of This Notice:** You have the right to receive a paper copy of our Notice of Privacy Practices.
