<sup>\*</sup> This chart is a highlight of benefits available. All benefits are provided in accordance with the group contracts. For a complete list of benefits, limitations and exclusions, please see your member handbook or booklet/certificate.

After deductible: Member must pay deductible before the plan pays any benefits. A single member must meet the first \$500 in expense before the plan pays noted percentage of coverage. An employee and child, or an employee and spouse must each meet separate \$500 deductibles before the plan pays the noted percentage of coverage. For family deductible, an employee and children, or an employee and family must meet the individual deductible amount before the plan pays noted percentage of coverage. Once a family member meets the individual deductible amount, claims for that individual will pay; once the family deductible is met, claims for all individuals pay. Once a family member reaches their individual deductible, their out-of-pocket expenses no longer count towards the family deductible. No family member can contribute more than the individual deductible to the family deductible. As a note, there are higher deductibles in effect for self-referred care in the KPOS plan, and out-of-network care in the Personal Choice plan.
