Tabitha A. Morgan, PhD Receives Fulbright U.S. Scholar Award to Mexico for Chair in American Studies at Universidad Veracruzana

The U.S. Department of State and the J. William Fulbright Foreign Scholarship Board are pleased to announce that Tabitha A. Morgan of Community College of Philadelphia and Philadelphia University has received a Fulbright U.S. Scholar Program award to Mexico in American Studies. Dr. Morgan will be the Fulbright-García Robles U.S. Studies Chair at Universidad Veracruzana in Xalapa, Veracruz.

Dr. Morgan is one of the U.S. citizens who will teach, conduct research, and provide expertise abroad for the Spring 2021 academic semester through the prestigious Fulbright U.S. Scholar Program. Recipients of Fulbright Scholar awards are selected on the basis of academic and professional achievement, as well as record of service and demonstrated leadership in their respective fields.

The Fulbright Program is the U.S. government's flagship international educational exchange program and is designed to build lasting connections between the people of the United States and the people of other countries. The Fulbright Program is funded through an annual appropriation made by the U.S. Congress to the U.S. Department of State. Participating governments and host institutions, corporations, and foundations around the world also provide direct and indirect support to the Program, which operates in over 160 countries worldwide.

Since its establishment in 1946 under legislation introduced by the late U.S. Senator J. William Fulbright of Arkansas, the Fulbright Program has given more than 390,000 students, scholars, teachers, artists, and professionals of all backgrounds and fields the opportunity to study, teach and conduct research, exchange ideas, and contribute to finding solutions to shared international concerns.

Fulbrighters address critical global challenges in all disciplines, while building relationships, knowledge, and leadership in support of the long-term interests of the United States. Fulbright alumni have achieved distinction in many fields, including 59 who have been awarded the Nobel Prize, 84 who have received Pulitzer Prizes, and 37 who have served as a head of state or government.
