

Lab Science Courses

0:11

This is how you add science courses in the system that are linked together.

0:18

For this example, we will be looking up Chemistry 110.

0:23

In the Subject box, start to type "chemistry" and it will appear.

0:28

In the Course Number box, type "110".

0:34

For the location, we will be looking at "Main Campus", click Search.

0:40

The way for you to identify which portion of the course is a lecture, you

0:45

must go to the Schedule Type column.

0:49

The one with the 4 hours listed is the lecture and the one with

0:53

Zero hours listed is the lab.

0:57

The best way to do it is first identify a lecture time that works best for you.

1:03

For this one, we will look at 006, which is on Tuesday,

1:07

Thursday from 9:40 AM to 11:10 AM.

1:11

Click on the View Linked to see then the labs that are associated

1:17

with this particular lecture.

1:20

If you would like to have the lab on the same day, this particular

1:25

section of the lab is on Thursday from 11:20 AM to 2:15 PM.

1:31

Click on Add All, which will add the lecture lab, and then click submit.

1:40

On the left hand side under scheduled details, you will see that the lecture

1:44

is on Tuesdays and Thursdays from 9:40 AM to 11:10 AM and then the lab is on

1:51

Thursday only from 11:20 AM to 2:15 PM.
